Written by former DJ/producer Harold Heath, 'Long Relationships: My Incredible Journey From Unknown DJ to Small-time DJ' is a biographical account of a DJ career defined by a deep love of music and a shallow amount of success. From the days of vinyl, when DJs were often also glass-collectors, to the era of megastar stadium EDM, it's a journey of 30 odd years on a low-level, economy-class rollercoaster through the ups and downs of an ever-changing music industry. 'Long Relationships' is a love letter to DJing and to every small-town DJ who never made it to the big time but whose life was enriched and improved by DJing anyway. It's packed with tales of gigs, clubs, raves, warehouses, music, record production and record deals, low-rent international travel, shady promoters, dodgy club security, magical dance floor moments and much more. If you ever DJed, if you ever lost yourself on a dance floor, or if you ever simply fell in love with the potential contained within a dark basement, a strobe and a sound system, then this story is your story.
