The most recent edition of the "Pipe Band Magazine" powerfully suggests otherwise. In fact, it would seem, the Dollar Academy Pipe Band is perhaps even more of a rare and extraordinary thing than we ever give it credit for being. The January 2018 edition gives both its cover story and a five-page feature to Dollar pipers and their tutors.

The Highland bagpipe, widely considered 'Scotland's national instrument', is one of the most recognized icons of traditional music in the world. It is also among the least understood. But Scottish bagpipe music and tradition - particularly, but not exclusively, the Highland bagpipe - has enjoyed an unprecedented surge in public visibility and scholarly attention since the 1990s. A greater interest in the emic led to a diverse picture of the meaning and musical iconicism of the bagpipe in communities in Scotland and throughout the Scottish diaspora. This interest has led to the consideration of both the globalization of Highland piping and piping as rooted in local culture. It has given rise to a reappraisal of sources which have hitherto formed the backbone of long-standing historical and

Online Library Pipe The Band Magazine

performative assumptions. And revivalist research which reassesses Highland piping's cultural position relative to other Scottish piping traditions, such as that of the Lowlands and Borders, today effectively challenges the notion of the Highland bagpipe as Scotland's 'national' instrument. *The Highland Bagpipe* provides an unprecedented insight into the current state of Scottish piping studies. The contributors – from Scotland, England, Canada and the United States – discuss the bagpipe in oral and written history, anthropology, ethnography, musicology, material culture and modal aesthetics. The book will appeal to ethnomusicologists, anthropologists, as well as those interested in international bagpipe studies and traditions.

In nineteenth century paintings, the proud Indian warrior and the Scottish Highland chief appear in similar ways--colorful and wild, righteous and warlike, the last of their kind. Earlier accounts depict both as barbarians, lacking in culture and in need of civilization. By the nineteenth century, intermarriage and cultural contact between the two--described during the Seven Years' War as cousins--was such that Cree, Mohawk, Cherokee, and Salish were often spoken with Gaelic accents. In this imaginative work of imperial and tribal history, Colin Calloway examines why these two seemingly wildly disparate groups appear to have so much in common. Both Highland clans and Native American societies underwent parallel

Online Library Pipe The Band Magazine

experiences on the peripheries of Britain's empire, and often encountered one another on the frontier. Indeed, Highlanders and American Indians fought, traded, and lived together. Both groups were treated as tribal peoples--remnants of a barbaric past--and eventually forced from their ancestral lands as their traditional food sources--cattle in the Highlands and bison on the Great Plains--were decimated to make way for livestock farming. In a familiar pattern, the cultures that conquered them would later romanticize the very ways of life they had destroyed. *White People, Indians, and Highlanders* illustrates how these groups alternately resisted and accommodated the cultural and economic assault of colonialism, before their eventual dispossession during the Highland Clearances and Indian Removals. What emerges is a finely-

with their own rich identities experienced cultural change, economic transformation, and demographic dislocation amidst the growing power of the British and American empires.

The Indian Listener (fortnightly programme journal of AIR in English) published by The Indian State Broadcasting Service, Bombay, started on 22 December, 1935 and was the successor to the Indian Radio Times in English, which was published beginning in July 16 of 1927. From 22 August, 1937 onwards, it was published by All India Radio, New Delhi. From July 3, 1949, it was turned into a weekly journal. Later, The Indian listener became "Akashvani" in January 5, 1958. It was made a fortnightly again on July 1, 1983. It used to serve the listener as a Bradshaw of broadcasting, and give listener the useful information in an
