Marc G. Mitchell, DVM, was in the prime of his life. As a successful New Hampshire veterinarian who was married to his veterinary-school sweetheart, he had a picture-perfect life in small-town New England. He lived close to his family and his lifelong friends. Years ago, he'd formed a street hockey team with some buddies who shared his stick-and-puck obsession, and he prided himself on being tough and fit. At forty-five, he still felt indestructible. A devastating diagnosis of stage-three multiple myeloma blew apart Mitchell's idyllic life. The rare terminal cancer, which usually strikes much older people, brought him face-to-face with his own mortality. How would Mitchell react to the news that he would never grow old? In his new book, *Play Till You Hear the Whistle*, Mitchell shares his experiences of living with a terminal cancer diagnosis. While he knows there is no cure, he continues to take advantage of every second. As he would in a hockey match, Mitchell plans to stay in the game-and give it his all-until it's over. In sharing his story, Mitchell hopes to help terminally ill individuals continue to live each day with humor, hope, and gratitude.

**BONUS:** This edition contains an excerpt from Pearl Cleage's *Just Wanna Testify* and a *Till You Hear from Me* discussion guide. From the acclaimed Pearl Cleage, author of *What Looks Like Crazy on an Ordinary Day* . . . and *Seen It All and Done the Rest*, comes an Obama-era romance featuring a cast of unforgettable characters. Just when it appears that all her hard work on Barack Obama 's presidential campaign is about to pay off with a White House job, thirty-five-year-old Ida B. Wells Dunbar finds herself on Washington, D.C. 's post-election sidelines even as her twentysomething counterparts overrun the West Wing. Adding to her woes, her father, the Reverend Horace A. Dunbar, Atlanta civil rights icon and self-described "foot soldier for freedom," is notoriously featured on an endlessly replayed YouTube clip in which his pronouncements don 't exactly jibe with the new era in American politics. The Rev 's stinging words and myopic views don 't sound anything like the man who raised Ida to make her mark in the world. When friends call to express their concern, Ida realizes it 's time to head home and see for herself what 's going on. Besides, with her job prospects growing dimmer, getting out of D.C. for a while might be the smartest move she could make. Back in her old West End neighborhood, Ida runs into childhood friend and smooth political operator Wes Harper, also in town to pay a visit to the Reverend Dunbar, his mentor. Ida doesn 't trust Wes or his mysterious connections for one second, but she can 't deny her growing attraction to him. While Ida and the Rev try to find the balance between personal loyalties and political realities, they must do some serious soul searching in order to get things back on track before Wes permanently derails their best laid plans.
