5.0 out of 5 stars Essential Barfield. Reviewed in the United States on April 14, 2012. Poetic Diction is Barfield's earliest exposition of his thought, and contains in germ many of the ideas that would blossom in later works. It should appeal especially to students and lovers (not to mention writers) of literature.

In *Poetic Diction: A Study in Meaning* (1928), Owen Barfield writes, "When words are selected and arranged in such a way that their meaning either arouses, or is obviously intended to arouse, aesthetic imagination, the result may be described as poetic diction." Aristotle established poetic diction as a subject in the *Poetics* (350 BCE). "Every word is either current, or strange, or metaphorical, or ornamental, or newly-coined, or lengthened, or contracted, or altered," he declared ...

Poetic Diction: A Study in Meaning by Owen Barfield Why is it that poetic language somehow feels truer and more meaningful than literal descriptions? That much I agree with.

BARFIELD POETIC DICTION PDF - Endri Chlig

As a theory of knowledge, and as a study of the significance of language and the evolution of human consciousness, _Poetic Diction_ remains a seminal work, the challenges of which have yet to be realized in but a few works even today.

Barfield discusses poetry's meaning in terms of both his personal experience and objective standards of criticism. Poetic Diction, first published in 1928, begins by asking why we call a given grouping of words "poetry" and why these arouse "aesthetic imagination" and produce pleasure in a receptive reader. Returning always to this personal experience of poetry, Owen Barfield at the same time seeks objective standards of criticism and a theory of poetic diction in broader philosophical considerations on the relation of world and thought. His profound musings explore concerns fundamental to the understanding and appreciation of poetry, including the nature of metaphor, poetic effect, the difference between verse and prose, and the essence of meaning. CONTRIBUTOR: Howard Nemerov.

For more than three-quarters of a century, Owen Barfield produced original and thought-provoking works that made him a legendary cult figure. History in English Words is his classic excursion into history through the English language. This popular book provides a brief, brilliant history of the various peoples who have spoken the Indo-European tongues. It is illustrated throughout by current English words whose derivation from other languages, and whose history in use and changes of meaning, record and unlock the larger history. "In our language alone, not to speak of its many companions, the past history of humanity is spread out in an imperishable map, just as the history of the mineral earth lies embedded in the layers of its outer crust.... Language has preserved for us the inner, living history of our soul. It reveals the evolution of consciousness" --Owen Barfield

"Owen Barfield was one of the most original and stimulating thinkers of the twentieth century, the man whose writings have won praise from figures as diverse as T.S. Eliot and Saul Bellow, Walter de la Mare and Howard Nemeroc, W.H. Auden and Marshall McLuhan. This comprehensive overview supplements major selections with numerous short supporting passages from the whole corpus of his writings and provides a glossary of Barfieldian terms and useful primary and secondary bibliographies. A respected philosopher, jurist, and student of the nature of language and human consciousness, Owen Barfield's many books published by Wesleyan include *Saving the Appearances* (1988), *Poetic Diction* (1984), and *Worlds Apart* (1971). He lived in East Sussex, England, at the time of his death in 1997 at the age of 99. Barfield was a writer who gained a discriminating and dedicated readership on both sides of the Atlantic, but especially in the United States."--Publisher description.

“ An instant classic that belongs on the bookshelf of every serious poet and literature student ” (The Washington Post). A major addition to the literature of poetry, Edward Hirsch ’ s sparkling new work is a compilation of forms, devices, groups, movements, isms, aesthetics, rhetorical terms, and folklore—an “ absorbing ” book all readers, writers, teachers, and students of poetry will return to over and over (The New Yorker). Hirsch has delved deeply into the poetic traditions of the world, returning with an inclusive, international compendium. Moving gracefully from the bards of ancient Greece to the revolutionaries of Latin America, from small formal elements to large mysteries, he provides thoughtful definitions for the most important lyrical vocabulary, imbuing his work with a lifetime of scholarship and the warmth of a man devoted to his art. Knowing how a poem works is essential to unlocking its meaning. Hirsch ’ s entries will deepen readers ’ relationships with their favorite poems and open greater levels of understanding in each new poem they encounter. Shot through with the enthusiasm, authority, and sheer delight that made *How to Read a Poem* so beloved, *A Poet ’ s Glossary* is a new classic.
