Introduction to Earth Science Mapping Earth's Surface Minerals Rocks Plate Tectonics Earthquakes Volcanoes Weathering and Soil Formation Erosion and Deposition A Trip Through Geologic Time Energy Resources Fresh Water Ocean Motions Ocean Zones The Atmosphere Weather Factors Weather Patterns Climate and Climate Change The Solar System Stars, Galaxies, and the Universe

For all introductory Earth Science courses. Digital Content and Experiences Bring Earth Science To Life Ideal for undergraduates with little or no science background, Foundations of Earth Science provides a student-friendly, highly visual, non-technical survey of our physical environment with balanced, up-to-date coverage of geology, oceanography, astronomy, and meteorology. Foundations of Earth Science is the brief, paperback version of the best-selling Earth Science by Lutgens and Tarbuck, and designed for introductory courses in Earth science. The new Eighth Edition facilitates active learning by incorporating learning objectives throughout each chapter to provide students with a structured learning path. The learning path is tied to chapter objectives, giving students opportunities to demonstrate their understanding at the end of each section. The Eighth Edition uses the BouncePages image recognition app (available at no charge on both iOS and Android stores) to connect students' digital devices to the print textbook, enhancing their reading and learning experience. Lutgens/Tarbuck's innovative SmartFigures feature has been expanded, adding new digital content via Project Condor, Mobile Field Trips by Michael Collier, Animated Figures, and additional tutorial videos from Callan Bentley.This edition also includes MasteringGeology, the most complete, easy-to-use, engaging tutorial and assessment tool available. Also Available with MasteringGeology(tm) MasteringGeology is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Interactive, self-paced tutorials provide individualized coaching to help students stay on track. With a wide range of activities available, students can actively learn, understand, and retain even the most difficult concepts. Note: You are purchasing a standalone product; MasteringGeology does not come packaged with this content. Students, if interested in purchasing this title with MasteringGeology, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and MasteringGeology, search for: 0134127641/ 9780134127644 Foundations of Earth Science Plus MasteringGeology with eText -- Access Card Package Package consists of: 0134184815 / 9780134184814 Foundations of Earth Science 0134251881 / 9780134251882 MasteringGeology with Pearson eText -- ValuePack Access Card -- for Foundations of Earth Science

This brief, paperback version of the best-selling Earth Science by Lutgens and Tarbuck is designed for introductory courses in Earth science. The text's highly visual, non-technical survey emphasizes broad, up-to-date coverage of basic topics and principles in geology, oceanography, meteorology, and astronomy. A flexible design lends itself to the diversity of Earth science courses in both content and approach. As in previous editions, the main focus is to foster student understanding of basic Earth science principles. Used by over 1.5 million science students, the Mastering platform is the most effective and widely used online tutorial, homework, and assessment system for the sciences. This is the product access code card for MasteringX and does not include the actual bound book. Package contains: MasteringGeology standalone access card

For introductory courses in earth science. Use dynamic media to bring Earth Science to life Earth Science answers the need for a straightforward text that excites readers about the world around them. Perfect for individuals with little-to-no background in science, the text covers geology, oceanography, meteorology, and astronomy clearly and without technical jargon. Tarbuck, Lutgens, and Tasa are praised for their uncomplicated writing, dynamic media that help visualize physical processes, stunning art program that brings the "wow" factor, and valuable activities in Mastering Geology that provide activity-based learning to solidify readers' understanding. The 15th Edition incorporates the latest data and applications from Earth Science, new data analysis activities, and an updated dynamic mobile media and Mastering Geology program. Also available with Mastering Geology By combining trusted author content with digital tools and a flexible platform, Mastering personalizes the learning experience and improves results for each student. With a wide range of activities available, students can actively learn, understand, and retain even the most difficult Earth Science concepts. Note: You are purchasing a standalone product; Mastering Geology does not come packaged with this content. Students, if interested in purchasing this title with Mastering Geology, ask your instructor to confirm the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and Mastering Geology search for: 013460993X / 9780134609935 Earth Science Plus Mastering Geology with eText -- Access Card Package Package consists of: 013454353X / 9780134543536 Earth Science 013460993X / 9780134609935 Mastering Geology with Pearson eText -- ValuePack Access Card -- for Earth Science

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value; this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. For Books a la Carte editions that include MyLab(tm) or Mastering(tm), several versions may exist for each title--including customized versions for individual schools--and registrations are not transferable. In addition, you may need a Course ID, provided by your instructor, to register for and use MyLab or Mastering platforms. For introductory courses in earth science.
