A quick start guide or quickstart guide is in essence a shortened version of a manual, meant to make a buyer familiar with his or her product as soon as possible. This implies the use of a concise step-based approach that allows the buyer to use a product without any delay, if necessary including the relevant steps needed for installation. A quick start guide, or QSG for short, focuses on the most common instructions, often accompanying such instructions with easy-to-understand illustrations. Th

This is all the code required to create a simple 'Hello World' web service in Spring Boot. The hello() method we've added is designed to take a String parameter called name, and then combine this parameter with the word "Hello" in the code. This means that if you set your name to 'Amy!' in the request, the response would be 'Hello Amy!'. The @RestController annotation tells Spring ...

Finally ... a quick, easy reference to using your Kindle Fire -- to the max! About the author: Steve Weber is founding publisher of KindleBuffet.com, which showcases five-star Kindle books currently available free (you may never have to pay for books again!). Amazon's Kindle Fire is the handiest tablet available, and is your portal to an infinite universe of education and entertainment. This valuable reference book explains how to quickly set up your Kindle, navigate the touch-screen, buy, rent or stream video, and browse the world's largest library of digital books. This reference guide demystifies the Kindle and explains in plain English how to master the Kindle basics, plus secret tips, tricks and shortcuts you won't find elsewhere. Each section includes clearly written step-by-step instructions, illustrated with screenshots and menus just like you'll see on your own Kindle screen.

Describes how to create a service-oriented organization, including training customer service representatives, soothing angry customers, and understanding employee and customer motivation

More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you: Avoid the 9 deadly sins that destroy startups' chances for success ! Use the Customer Development method to bring your business idea to life ! Incorporate the Business Model Canvas as the organizing principle for startup hypotheses ! Identify your customers and determine how to "get, keep and grow" customers profitably ! Compute how you'll drive your startup to repeatable, scalable profits. The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.
