Praise for Hack Recruiting "It is a brilliant piece of work. A must-read for those of us in global corporations, or companies of any size really, that seek to act NOW." --Julia Martensen, Head of HR Strategy and Innovation at DB Schenker. "Victor Assad uncovers longstanding empirical research from I/O psychologists on how to best match job candidates to jobs and the best of today's digital technology. He

sees a world (that is emerging today) in which AI ontologies (which are identifying information and relationships about today's global and diverse workforces) will make significant improvements for matching candidates to jobs while reducing recruiting cycle times, costs and selection biases. Victor points out that HR now has the digital tools it needs to dramatically transform recruiting and the role of the recruiter. HR can now build strategic talent pools, improve the employee experience, and digitally collect insightful analytics that will open up a new era of understanding on what truly drives employee performance and innovation." --Angela Hood, Founder and CEO of ThisWay Global. "Must read book if you are a recruiter or talent acquisition head. It goes over best practices and hacks each step of recruiting." --Sandeep Purwar, Founder/CEO, Bevov

This practical "how to" guide integrates a comprehensive, interdisciplinary review of literature, alongside a wealth of the authors' combined research experience, into a framework for behavioral health and other investigators concerned with successful participant recruitment and retention in intervention and evaluation research studies. The content applies across disciplines, provides numerous real-world and hypothetical examples, analyzes complex issues and ethical concerns, and provides investigators with concrete, practical tools for planning, budgeting, assessing, engaging in, analyzing, and reporting their studies' participant recruitment and retention efforts. The book's focus is on application to intervention and evaluation research, and the authors present a great deal of information of contemporary relevance, including demonstrating an awareness of the opportunities and limitations of engaging research participants in an electronic age. In these ways, Participant Recruitment and Retention in Intervention and Evaluation Research stands out from the fragmented published literature concerning participant recruitment and retention and from research methodology textbooks, many of which dedicate very little attention to the practical issues involved in successfully recruiting and retaining study participants in studies of these types.

Young adult ministry can scare us, but what if it's not as enigmatic as we've been led to believe? Full of practical advice from their own experience (and a wealth of additional resources), this book from Scott Pontier and Mark DeVries explores six common mistakes churches make in their efforts to reach young adults, offering six paradoxes that return us to a simpler, more biblical ministry model.

A practical and anecdotal guide to attracting the most desirable entry-level employees explains how smaller businesses lacking the resources of more powerful companies can master the tactics of top recruiters by offering desirable career opportunities to recent graduates.

Cloud computing has caused a marketing fog, confusing business executives seeking to understand the technology's potential applications and business benefits. A Quick-Start Guide to Cloud Computing cuts through the industry hype and provides non-technical explanations about what it is and how it can improve your business. With case studies from large and small business, it shows how enabling a remote workforce and sharing resources can reduce your organisation's carbon footprint. It describes: the benefits of cloud computing; how to choose the right supplier and technologies for your particular business; key security issues and the perils and pitfalls to avoid. This Quick Start Guide puts business needs before technology, enabling you to make confident decisions about IT strategy, make the right choices for your business and reject 'solutions' that fix problems you don't have.
