A powerful resource and tool for preparing for two of the most important examinations in counselor preparation and credentialing - the National Counselor Examination for Licensure and Certification (NCE) and the Counselor Preparation Comprehensive Examination (CPCE). Mastering the National Counselor Examination and the Counselor Preparation Comprehensive Examination is specifically designed to help students preparing for the NCE or CPCE and professional counselors preparing to take the NCE as a licensure exam. This practical guide provides numerous sample questions, includes four full-length practice exams - two for the NCE and two for the CPCE - and presents pertinent information about the NCE and CPCE, including discussion of its rationale, structure, format, and scoring procedures. Readers have ample opportunities to test their knowledge and practice answering the types of questions that they will encounter on the exams. Fully updated to align with 2016 CACREP standards and current NCE/CPCE content, the 3rd Edition includes new test preparation items, additional case studies, and a revised glossary of key terms. An updated Chapter 1 includes test-taking strategies, and a revised Chapter 9 focuses on what future counselors need to know about getting a job and marketing themselves as professional counselors. Also available with the Enhanced Pearson eText* The Enhanced Pearson eText is: Engaging. The new interactive, multimedia learning features were developed by the authors and other subject-matter experts to deepen and enrich the learning experience. Convenient. Insightful interviews with a Who's Who of the world's foremost therapists *Therapy's Best* is a lively and entertaining collection of one-on-one interviews with some of the top therapists and counselors in the world. Educator and psychotherapist Dr. Howard G. Rosenthal talks with twenty of therapy's legends, including Albert Ellis, arguably the greatest clinical psychologist and therapist of our time; assertiveness training pioneer Robert Alberti; experiential psychotherapist Al Mahrer; and William Glasser, the father of reality therapy and choice theory. Each interview reveals insights into the therapists' personal lives, their observations on counseling, and the helping profession in general, and their thoughts on what really works when dealing with clients in need. The interviews found in *Therapy's Best* uncover treatment strategies that are often missing from traditional textbooks, journal articles, courses, and seminars related to assertiveness training, Rational Emotive Behavior Therapy (REBT), marriage and family counseling, transactional analysis, psychoanalysis, suicide prevention, voice therapy, experiential psychotherapy, and Emotion Focused Therapy (EFT). Conversations with the "best and brightest" (including two recipients of the American Psychological Association's Division of Psychotherapy's "Living Legends" award) reveal why these therapists are such effective helpers, what makes their theories so popular, and most important, what makes them tick. This unique book lets you "rub elbows" with these consummate professionals and learn more about their theories, ideas, and experiences. *Therapy's Best* includes interviews with: Dr. Albert Ellis—creator of Rational Emotive Behavior Therapy (REBT) and APA Division of Psychotherapy "Living Legend" Dr. Edwin Schneidman—the foremost expert on suicide prevention, suicidology, and thanatology Richard Nelson Bolles—author of *What Color Is Your Parachute?* Dr. Dorothy and Dr. Ray Bevcar—husband and wife therapists who write textbooks on marriage counseling Dr. Al Mahrer—father of experiential psychotherapy and APA Division of Psychotherapy "Living Legend" Les Greenberg—father of Emotion-Focused Therapy (EFT) Muriel James—co-author of *Born to Win* and many more! *Therapy's Best* is a must read for professionals who practice counseling and psychotherapy, students preparing to do likewise, and anyone else with an interest in therapy—and the people with provide it.

Covering the most important developments in meta-analysis from 1990 to 2004, this text presents new patterns in research findings as well as updated information on existing topics.
