Of the many books explaining Islam, few specifically address the concerns and questions of those from a Christian background. Moreover, the commonalities between the Abrahamic faiths—Judaism, Christianity, and Islam—are too often ignored. Set out in an easy and informative question-and-answer format, the book addresses the specific theological points of agreement and difference between Christianity and Islam, explains the core religious beliefs and practices of Islam, and answers today's most common questions of Islam and Muslims in an age when there is much conflict and misunderstanding. Islam is best judged not by the limitations and transgressions of its most extreme, ignorant, and outlandish followers, but by the example of its moderate majority, and Ruqaiyyah Waris Maqood presents this introduction to the theology and practice of Islam in an attempt to explore some of the false impressions that surround it. Table of Contents: Section 1: The Religious Beliefs of Islam Explained Section 2: the Religious Duties of Islam Explained Section 3: Miscellaneous Questions Section 4: Christianity and Islam Ruqaiyyah Waris Maqood gained an honors degree in Christian Theology from the University of Hull in 1963 and then taught religious studies at various state schools until her retirement in 1996. She converted to Islam in 1986 and now lectures and writes on Islam.

Islamic Guide To Sexual Relations by Mufti Muhammad Ibn Adam al-Kawthari. 2010 edition. Fulfillment of sexual desire and needs are key in sustaining a harmonious marital relationship. However, in todays society, sexual boundaries are being pushed further and further, and often, sexual deviance is openly practised. In such circumstances, there is a need to identify which sexual activities are permissible in Shariah. Islamic Guide to Sexual Relations is a serious endeavour to tackle these sensitive matters in a clear and concise manner. While being respectful and dignified in the language he employs, the author does not shy away from discussing sensitive issues. He records, in thorough detail, the guidance Islam provides regarding sexual encounters with one spouse. The book covers a wide range of issues, and thus, answers many frequently asked questions on the topic of sexual relations. It concludes with a short chapter addressing Islamic etiquettes and practices pertaining to newlyweds on their first night. I have found this work to be beneficial and highly informative, and strongly recommend the study of this book to all prospective couples, and indeed, to all couples. -- Mufti Zubair Bayat, Director, Darul Ihsan centre, Durban, South Africa I highly recommend this excellent, thorough book by Mufti Muhammad ibn Adam on an important and sensitive topic that many " if not most Muslim couples are woefully unaware of. -- Shaykh Faraz Rabbani, Seekers Guidance. " This guide essentially aimed at Muslims reveals a surprisingly liberal view on sexuality considering many of the rules and etiquettes for matrimonial relationship were established 1400 years ago. Modern psychosexual medicine has been a relatively young member of the field of medicine and echoes much of the Islamic view contained in this book. Muslims will no doubt be surprised by some of the legal rulings regarding intimate relationships between the married couple which has in essence removed many cultural concreto

This text presents guidelines for a happy and successful marriage from an Islamic perspective.

Marriage is a natural developmental stage for most adults but the process of getting married and achieving a successful, long-lasting marriage can be fraught with challenges for Muslims in North America. The authors present a unique approach that reflects 40 years of combined experience in counseling couples. Mohamed Hag Magid is a prominent imam at one of the largest mosques in the US, and Salma Elkadi Abugideiri is a licensed mental health professional. The two provide an Islamic framework for the entire marriage process and present marriage as a partnership while underscoring the ingredients for successfully finding a spouse, as well as for establishing and maintaining a healthy marriage. This book is invaluable for anyone seeking marriage, as well as for parents who are involved in their children's marriage process. Those getting re-married after a divorce or death of a spouse will also find this book extremely useful. The authors raise thought-provoking questions to help readers increase self-awareness, clarify what is desired in a spouse and in a marriage, and help them get to know a potential spouse. Topics addressed in detail include finding a spouse, the role of family and in-laws, the marriage contract and wedding, intimacy, spirituality and finances. Special issues addressed include mental health, domestic violence and threats to a marriage. This marriage guide is surprisingly comprehensive and practical. It provides a tool kit with concrete skills that can be used throughout a marriage to ensure a healthy relationship that is grounded in the Islamic values of love and mercy-qualities that are necessary to achieve the ultimate purpose of marriage: mutual tranquility. This book promises to be a valuable resource that couples will turn to for many years both as a refresher and as a reference.
