## UNDERBELLY HOOPS

UNDERBELLY HOOPS covers Carson Cunningham’s final season in the storied and now defunct Continental Basketball Association (CBA). In the process, it takes a sober look at minor league professional basketball, as Cunningham tries to navigate a poor relationship with his coach and yet finish his career on his own terms by playing a final season and winning a championship. As UNDERBELLY HOOPS shows, the CBA was a realm where hopeful players desperately hung on and crusty motels might very well have no clocks. It was a place where a trainer could be ordered to fill the visiting team’s cooler with warm shower water and a coach might tell a player (namely, Cunningham) that he was focusing too much on his marriage and child rather than basketball. It was also a place where entire hotel wings could become saturated with the pungent smell of marijuana. And yet, even as it chipped away at your dignity and made little economic sense to remain, the CBA drew you in with the allure of action and the prospect of an NBA call-up. And it could inspire, like when you and your teammates caught a rhythm that made you remember why basketball is such a beautiful game, or when you saw guys continue to strive, to persevere, even if their dreams weren’t fully realized. "The hoops answer to Ball Four. By turns funny and poignant—and always self aware—this book allows fans into the locker room and huddle, yes, but also into the cortex of a professional basketball player. If Carson Cunningham could have jumped, run and created his shot off the dribble as masterfully as he writes and observes, he’d be starring in the NBA." —L. Jon Wertheim, Senior Writer for SPORTS ILLUSTRATED

## Chess the Easy Way

This is the book most recommended by chess coaches for their students. It can perhaps be said that there are primarily four kinds of chess books. 1. Beginner’s Books 2. Advance Strategy Books 3. Opening Books 4. Books of Historical Interest What makes "Chess the Easy Way" almost unique is that it spans the first two and touches on the third. It can be said that this book starts off the player at the beginning level and rapidly accelerates, reaching almost the expert level by the end. As a re-printer of out-of-print chess books, I have been absolutely bombarded by chess coaches with requests for a reprinting of this book. I get not only more requests for this book than any other book, but I get more requests for this book than ALL OTHER CHESS BOOKS COMBINED.

## Life is chaos. Death is the only cure.

You’re never so vulnerable as when you surrender your body to a hospital. You trust the doctors to know what is best, but these stories show what happens when they have other plans. What if a maternity doctor pretends your child died during birth just so he can steal it? Or a simple operation is used as an excuse to harvest parts? Discover the truth of the asylum in the woods, take the pills which induce mind-bending phobias, and try to escape when you’ve been institutionalized against your will. A CURE FOR CHAOS is an anthology of horror stories from 30 authors, each with a unique way to thrill and terrify you. From stalking supernatural monsters to the psychopaths hiding in plain sight, these quick reads are perfect for adding excitement to your daily life.
