What if I told you that everything you have ever wanted could be yours if only you willed. The 1% Club is not just any book; it is proof that reality is malleable, your outcomes are controllable and that you design your life with your mind. I am not talking faith; I am talking proof. The 1% Club introduces you to seven hacks for a life you have always dreamt of. This book invites you to conduct seven experiments, which demonstrate that there really is a strong, loving, positive and totally awesome energy in the universe and that it is ready for you to tap into. It will grant you everything that most people desire, but only a few have. Each of these hacks is a litmus test to the possibilities of an incredibly successful life. They demonstrate that these seven experiments are as dependable as gravity and are proof that you are capable of greatness. For years, you've been praying for hacks to an 'XtraOrdinary Life'. Now, you have it.

Captain Underpants's spookiest - and stretchiest - adventure yet! George Beard and Harold Hutchins are back in a new Halloween adventure! Piqua's biggest pranksters are getting ready for the best holiday ever - Halloween, of course. But their dreams of costumes, candy, and haunted houses go down the drain when Mr. Krupp and Melvin start a campaign to make Halloween illegal! That's when George and Harold come up with HACKAWEEN, a totally legal spin-off of Halloween. But will disguises, hack-o'-lanterns, and sneak or snacking fill the pumpkin-shaped holes in their lives? Find out in this young graphic novel based on the "Hackaween" episode of the hit Netflix show.

Fire up your soldering iron, charge up that drill, and get ready to hack! From a tiny theremin to a watermelon keg, from an automatic cat feeder to a glowing mousepad, the ingenious and hilarious projects in The Big Book of Hacks are perfect for aspiring makers. And it's all brought to you by the DIY masters at Popular Science magazine. Four comprehensive chapters help you create megafun games and toys for the amusement of all: GEEK TOYS Be the life of any party with rad gaming hacks, amazing pyrotechnics, quirky DIY robots, "wow"-inducing projectiles, and lots of ways to make beer even better. HOME IMPROVEMENTS Pimp out your pad with a laser-security system, an improvised sous-vide cooker, and a life-size cardboard display of anyone you want. GADGET UPGRADES Want to stash a flash drive in an old cassette? Use a DIY stylus on a touchscreen? Improvise a fisheye lens for your camera? With this book, you can. THINGS THAT GO Give your motorbike a Tron vibe, deck out your car with an action-figure hood ornament, and keep gadgets charged on the go with a solar-powered backpack.

There are two ways to learn anything: 1) by experimenting with things on our own or 2) by reading the accounts of specialists who have accomplished the results you want to gain. #1 is arduous and takes time. #2 gives us shortcuts to help us get results in a short span of time. The book that you are holding in your hands right now is for people who want to sprint on the second path. The Growth Hacking Book is an almanac for growth in today's hyper-competitive business world! Curated by GrowthMedia.AI, this book features more than 35 marketing experts, trailblazing entrepreneurs, industry thought leaders and successful companies from all over the globe who share radical ideas on how you can grow your business using unconventional marketing strategies. Each chapter is a treasure trove of growth ideas that businesses in the "The Valley" try to shield from the public. But they are not secrets anymore. This book is for you if you want to learn about: The concept of Growth Hacking The best growth strategies from Growth Hackers for Growth Hackers The mindset, skillset and toolset for Growth Marketers Identifying and analyzing growth channels The future of Growth Marketing ...and more. The fact that you are examining to buy this book is proof that you are hungry to learn growth marketing tactics. It proves the maxim that says -- you don't choose a book; the book

Millions of users create and share Excel spreadsheets every day, but few go deeply enough to learn the techniques that will make their work much easier. There are many ways to take advantage of Excel's advanced capabilities without spending hours on advanced study. Excel Hacks provides more than 130 hacks -- clever tools, tips and techniques -- that will leapfrog your work beyond the ordinary. Now expanded to include Excel 2007, this resourceful, roll-up-your-sleeves guide gives you little known "backdoor" tricks for several Excel versions using different platforms and external applications. Think of this book as a toolbox. When a need arises or a problem occurs, you can simply use the right tool for the job. Hacks are grouped into chapters so you can find what you need quickly, including ways to: Reduce workbook and worksheet frustration -- manage how users interact with worksheets, find and highlight information, and deal with debris and corruption. Analyze and manage data -- extend and automate these features, moving beyond the limited tasks they were designed to perform. Hack names -- learn not only how to name cells and ranges, but also how to create names that adapt to the data in your spreadsheet. Get the most out of PivotTables -- avoid the problems that make them frustrating and learn how to extend them. Create customized charts -- tweak and combine Excel's built-in charting capabilities. Hack formulas and functions -- subjects range from moving formulas around to dealing with datatype issues to improving recalculation time. Make the most of macros -- including ways to manage them and use them to extend other features. Use the enhanced capabilities of Microsoft Office 2007 to combine Excel with Word, Access, and Outlook. You can either browse through the book or read it from cover to cover, studying the procedures and scripts to learn more about Excel. However you use it, Excel Hacks will help you increase productivity and give you hours of "hacking" enjoyment along the way.

Be as productive as possible at work while never leaving your home with these 500 easy-to-follow hacks that will instantly improve your work-from-home experience. As many have discovered during the Covid-19 pandemic, working from home certainly has its perks. From the easy (non)commute to your computer to the extra time you can spend with your family and pets to the benefits of customizing your environment to your own personal needs, many are continuing to enjoy the work-from-home lifestyle. But it also comes with its challenges. How do you avoid distractions around your home? How can you remain as productive as you are in the office? That's where Work-from-Home Hacks comes in to help! With over 500 quick and easy solutions you can implement in your daily life, you'll find yourself staying more productive, organized, and happier than ever. You'll learn useful tips like: -Create a designated workspace at home -Figure out what background noise works best for you -Use a different internet browser for work -Change your clothes before you start work -And so much more! So whether you're adjusting to a new, permanent work-from-home schedule, are looking to make some changes to a long-standing remote work routine, or just need some advice for the occasional WFH days, this book is here to help you stay as productive as possible so you can maintain a healthy work/life balance and make the most of your days outside of the office!
