#1 NEW YORK TIMES BESTSELLER • “The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly.”—Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE “MOST INFLUENTIAL” (CNN), “DEFINING” (LITHUB), AND “BEST” (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE’S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably

connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta's daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn't her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.

Grdankl the Strong, president of Kprshtskan, is plotting to take over the American government. His plan is to infiltrate the science fair at Hubble Middle School, located in a Maryland suburb just outside Washington. The rich kids at Hubble cheat by buying their projects every year, and Grdankl's cronies should have no problem selling them his government-corrupting software. But this year, Toby Harbinger, a regular kid with Discount Warehouse shoes, is determined to win the \$5,000 prize—even if he has to go up against terrorists to do it. With the help of his best friends, Tamara and Micah, Toby takes on Assistant Principal Paul Parmit, aka "The Armpit", a laser-eyed stuffed owl, and two eBay buyers named Darth and the Wookiee who seem to think that the Harrison-Ford-signed BlasTech DL-44 blaster Toby sold them is a counterfeit. What transpires is a hilarious adventure filled with mystery, suspense, and levitating frogs.

"Science Quiz questions and Answers book" helps with fundamental concepts, analytical, and theoretical learning for self-assessment study skills. a quick study guide can help to learn and practice questions for placement test. science quiz book is a revision guide with a collection of trivia quiz questions and answers on topics: Air, earth and moon, force, gravity, heat, matter, other sources of heat and light, sun, water, what is alive for teaching and learning. With more than 900 questions covering topics ranging from the mundane to the profound about Animal, Nature and Science, you won't run out of places and people to play these games with. Do you think you are prepared to take on the challenge? There's only one way to find out... You might know the correct answer!

Looking for trivia books filled with fun facts and trivia questions and answers? Answers to Questions You've Never Asked will entertain you for hours. Fun facts for kids of all ages: When you take the most absurd parts of history, science, economics and geography, you end up with a pretty confusing picture of humanity. Why do we have borders, what's the furthest you can get from the ocean, how do you qualify as a country and why did Vikings wear those silly helmets? These are just a few of the strange questions that bounce around the head of YouTube sensation Joseph Pimenti, aka RealLifeLore. Trivia questions and answers: In his channel, Pimenti presents illogical truths in a logical manner. In his debut book, Pimenti builds on this nonsensical humor of the universe with in-depth analysis of empires, economies, and ecosystems as he helps answer the ridiculous. Why, you ask? Because someone has to. Using line drawings, graphs and charts, Pimenti not only details the absurd, but he also provides explanations on why things are...and why they aren't. Answers to: • Where can I move to so that I'm never tempted by McDonalds again? • How far into the Pacific does Trump's wall stretch? • If Plato came back to life, what would he think of modern democracy? • Why do all empires fail? • Who decides what countries are allowed to participate in the Olympics? • What makes Finland so great? Witty, thought-provoking and occasionally snarky, *Answers to Questions You've Never Asked* is for anyone who beams with curiosity and has a belly-button.

You'll find hundreds of awesome, challenging, and funny questions like these in this book. These aren't the kinds of questions kids learn in school. Instead, questions consist of some really interesting facts kids will probably never hear about in school.
