So You Think You Know Football? is the motherlode of NFL rules and their interpretations. Whether you know everything about on- and off-field rules or are a true novice, Austro deftly illustrates the ins and outs of the NFL rulebook using examples from actual games. Test your inner referee with questions about the correct call and how slight changes might affect the ruling. Do you know why spiking the ball immediately to stop the clock is not considered intentional grounding, while hesitating a few seconds then spiking the ball is? See if you would have made the right call in a game played between the Chicago Bears and Oakland Raiders on November 27, 2011—with additional quiz questions from other games involving similar controversies. Keep this book right next to your favorite football-watching chair to consult during the game and visit ThinkYouKnowFootball.com to stay updated on interpretations affected by rule modifications.

well-known ones but random weird ones as well? Find out what makes a dinosaur a dinosaur and what the environment was like when they roamed the Earth.

For students at upper-intermediate to advanced level who want to improve their knowledge and understanding of English idioms and other expressions in contemporary use. So You Think You Know English is for students at upper-intermediate to advanced level who want to improve their knowledge and understanding of English idioms and other expressions in contemporary use. The book contains fifteen units, each including up to six lively exercises for exploring and practising idioms and colloquial expressions. Five units cover contemporary idioms in general use, and ten units are linked to a particular theme, such as water, sports, people, food or business. You will learn how to use particular expressions and discover their origins. There is a key to check your answers to the exercises.

Ace literary detective John Sutherland challenges the reader to discover just how well you really know your favourite author. Starting with easy, factual questions the quiz progresses to find out how much you know by deduction and hypothesis- what really motivates the characters, and what is going on underneath the surface? Hugely entertaining as well as full of fascinating insights, So You Think You Know Thomas Hardy? guarantees you will know him much better after reading it. The answers are at the back!

We all want to be healthier, but do you really know what's good for you? For over three decades, Dr Norman Swan has covered the medical and lifestyle issues people are curious and concerned about. Based on the questions he hears time and gain. from millennials to baby boomers, on everything

from nutrition to sex, he has drawn it all together into this one-stop handbook that will settle fruitless anxieties and allow you to focus on what matters to you. With his trademark honest, common-sense approach to providing health advice to Australian, this much-loved broadcaster and physician is replacing medical myths, half-truths and misconceptions with the often surprising information you need to make better choices about how you want to live. Dr Norman Swan will show you exactly what's good for you.

Biologist and TV scientist Professor Ben Garrod's fun, funny, informative and collectable series of books about dinosaurs is the most up-to-date on the market. Following Tyrannosaurus rex, Triceratops and Diplodocus, the series continues with Velociraptor, Stegosaurus and Spinosaurus. Highly collectable and pocket-size, with an introduction by Dr Jane Goodall. Did you know that not all dinosaurs were green and scaly, some were ginger and feathered, or that they didn't all roar, they cooed like pigeons, or that the ultimate prehistoric predator was actually not a dinosaur? TV scientist, Ben Garrod, is proud to be a geek as he mixes hard science and humour to prove that science is for everyone. Looking at the evolutionary arms race, prey, predators, place, time, groups and species, Ben reveals new-look dinosaurs. Additional sections include: Ask an Expert, New Science and Fossil Finder as well as quizzes to test your dinosaur knowledge. Praise for Professor Ben Garrod: 'A celebration of everything that science is really about' NatSCA. 'A perfect primer for kids to learn more about the amazing "terrible lizards"' BBC Wildlife Magazine. 'Shines a fresh, contemporary light on this ever-popular topic' The Bookseller. 'Collectable and eye-catching, with plenty of diagrams and illustrations' Books for Keeps.

Over a thousand questions about the world's most famous wizard.

Rolling Stone magazine recently released its list of the 100 greatest albums in rock music history, a period spanning more than fifty years. Nearly 60 percent of those albums were released in the decade from 1965 to 1975—the golden age of classic rock. This book is a wide-ranging portrait of that transformative and remarkable time, from the dawn of the singer-songwriter era to days before disco. This book is presented in a question-and-answer format, but it is hardly a “trivia” book. It covers such diverse topics as censorship, chart phenomena, album covers, rock groupies, manufactured bands, one-hit wonders, rock festivals, supergroups, novelty songs, and the Beatles. All of the major figures of the ‘60s and ‘70s are here: Cream, CCR, Jimi Hendrix, Joni Mitchell, Simon and Garfunkel, the Who, the Rolling Stones, Led Zeppelin, Bruce Springsteen, Queen, Neil Young, the Eagles, the Allman Brothers, Lynyrd Skynyrd, Stevie Wonder, Elton John, Linda Ronstadt, Pink Floyd, Billy Joel, Marvin Gaye, David Bowie, James Taylor, Carole King, Aretha Franklin, Lou Reed, Carly Simon, Laura Nyro, and many others. Exhaustively researched, *So You Think You Know Rock and Roll?* is filled with “I never knew that!” moments on every page.

How many species do you really know about - not just the well-known ones but random weird ones as well? Find out what makes a dinosaur a dinosaur and what the environment was like when they roamed the Earth.
