Three basic premises guide this highly successful introductory text - first that theory and research must be both comprehensive and clear, second that the text must show how sociology is relevant both to the study of society and to students' lives and third that sociology can play a valuable role in teaching critical thinking skills. To that end, this solid, well respected text combines a balanced three-perspective approach with excellent student oriented examples, and distinctive social policy sections in a concise presentation that offers an alternative to full length books.

Like its predecessors, the tenth edition of this text reflects Rick Schaefer's mission to bring readers a comprehensive, up-to-date presentation that teaches them how to think critically about society and their own lives from a wide range of classical and contemporary perspectives. Combining balanced coverage of theory with current research findings, distinctive social policy sections, examples of interest to students, and abundant learning aids and exercises, this text will help students develop a sociological imagination. An optional package combines Schaefer, Sociology, with PowerWeb , Tenth Edition and Reel Society Interactive Movie 2.0 CD-ROM at nominal extra cost. "The introductory sociology class provides the ideal laboratory in which to study our own society and those of our global neighbors. The distinctive emphasis on social policy found in this text shows students how to use the sociological imagination in examining such public policy issues as sexual harassment, the AIDS crisis, welfare reform, the death penalty, and privacy and censorship in an electronic age." - Richard T. Schaefer

Sociology: A Brief Introduction invites students to take sociology with them in their daily lives. This successful, student-friendly program includes strong coverage of race, ethnicity, and globalization. The approachable material encourages students to develop their sociological imaginations and start to think like a sociologist. Paired with Connect, a personal and adaptive learning experience, students learn to apply sociology's three theoretical frameworks to the world around them.

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second

edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

Like its predecessors, the tenth edition of this text reflects Rick Schaefer's mission to bring readers a comprehensive, up-to-date presentation that teaches them how to think critically about society and their own lives from a wide range of classical and contemporary perspectives. Combining balanced coverage of theory with current research findings, distinctive social policy sections, examples of interest to students, and abundant learning aids and exercises, this text will help students develop a sociological imagination. An optional package combines Schaefer, Sociology, with PowerWeb, Tenth Edition and Reel Society Interactive Movie 2.0 CD-ROM at nominal extra cost. "The introductory sociology class provides the ideal laboratory in which to study our own society and those of our global neighbors. The distinctive emphasis on social policy found in this text shows students how to use the sociological imagination in examining such public policy issues as sexual harassment, the AIDS crisis, welfare reform, the death penalty, and privacy and censorship in an electronic age." – Richard T. Schaefer

Sociology in Modules offers approachable content in a well-organized, flexible teaching format. The comprehensive program allows instructors to choose the content they'd like to present and introduce it in a layout that students can manage. Connect, the proven online experience, adapts to student's learning needs, enhancing the understanding of topics and developing their sociological imagination.

Make Sociology new with McGraw-Hill's Connect Sociology and the 10th edition of Sociology: A Brief Introduction. New to Connect is Investigate Sociology, a brand-new tool that develops students' sociological imaginations by placing them in provocative scenarios where they must analyze various sources and determine a solution. Connect also comes with LearnSmart, an adaptive questioning tool proven to increase content comprehension and student results, as well as fun interactivities like In their Shoes and Applying the Perspectives that teach sociology's three theoretical frameworks. Finally, make sure students come prepared to class by assigning our many e-book activities. With McGraw-Hill's digital tools, focus on what you do best—teaching. Unique to this program, Sociology: A Brief Introduction encourages students to take sociology with them in their everyday lives, just as Rick keeps a small notebook of daily sociological events. In Sociology brief, instructors get the most trusted content in manageable form. This, coupled with powerful digital learning tools, makes Sociology brief an ideal choice for your introductory course.

This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, SOCIOLOGY IN OUR TIMES is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Understand the Changing Dynamics of the U.S. Population The 13th edition of Schaefer's Racial and Ethnic Groups places current and ethnic relations in a socio-historical context to help readers understand the past and shape the future. This best-selling Race & Ethnic Relations text is grounded in a socio-historical perspective with engaging stories and first person accounts. Race and Ethnic Groups helps students understand the changing dynamics of the U.S. population by examining our history, exploring our current situation, and discussing concerns for the future. This text provides an accessible, comprehensive, and up-to-date introduction to the present issues that confront racial and ethnic groups in the U.S. and around the world. It incorporates the most current statistics and data in the marketplace including the most recent census. Teaching & Learning Experience Personalize Learning -- The new MySocLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking -- Robust end-of-chapter materials provide students with chapter summary and study materials that help them develop critical thinking skills. Engage Students -- Every chapter contains first-hand commentaries that demonstrate the diversity of various groups. Explore Research -- Research intertwined with information on current events and demographics provide a modern view of our society. Understand Diversity -- Detailed coverage of multiple racial, ethnic, and other minority groups provide students with an extensive view of diverse relations. Support Instructors -- Strong supplements package with author-reviewed activities and assessments in MySocLab. Note: MySocLab does not come automatically packaged with this text.
