Solutions to Corporate Finance, Richard A. Brealey ...

Principles of Corporate Finance is a reference work on the corporate finance theory edited by Richard Brealey, Stewart Myers, and Franklin Allen. The book is one of the leading texts that describes the theory and

The Solutions Manual, prepared by Bruce Swensen of Adelphi University, contains solutions to all end of chapter problems for easy reference.

This new international edition provides increased coverage of the procedures for estimating the cost of capital, expanded coverage of risk management techniques and the use and misuse of derivatives, and additional coverage of agency problems.

Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book the authors show how managers use financial theory to solve practical problems and as a way of learning how to respond to change by showing not just how but why companies and management act as they do. The text is comprehensive, authoritative, and modern and yet the material is presented at a common sense level. The discussions and illustrations are unique due to the depth of detail blended with a distinct sense of humor for which the book is well known and highly regarded. This text is a valued reference for thousands of practicing financial managers.

The Solutions Manual, carefully revised by Peter Crabb of Northwest Nazarene University, contains solutions to all basic, intermediate, and challenge problems found at the end of each chapter. This supplement can be purchased by students with instructor approval or can be packaged with this text at a discount.

Includes solutions to all Practice Problems and Challenge Problems from the text.
