Telling the tale of one of Stevie Wright of the Easybeats and Friday on My Mind fame, it doesn't expend energy on pointless textual analysis or even on the biographical arts. Marx seeks out Wright in a series of trailers and hovels on the south coast of New South Wales, and this is the core of the story. Wright lives a sad, empty, depressing life: the banality of twenty five years of drug addiction is pressed home throughout the book.

A compelling collection of tales from Australia's dark heart - of catastrophe and misfortune, intrigue and passion, betrayal and tragedy. AUSTRALIAN TRAGIC ranges across our past and our present: the heartbreaking story of the fire at Luna Park; the unstoppable opportunist who snatched innocent men and women from Palm Island to be part of P. T. Barnum's 'Greatest Show on Earth'; a world-class boxer who lost his battle with alcohol and ended up in an unmarked American grave; a man who heroically survived a war to find himself crushed and defeated by events much closer to home; and a new story - of an echo from Ned Kelly at Stringybark Creek, in our own time ... Heartbreaking and shocking, gothic and weird, these fascinating stories are all true, and told to remind us of the Australia we don't know, the one that simmers with love and hate, of hopes raised and futures dashed, unheralded and unnoticed . . . until now.

For more than 40 years, the radically subjective style of participatory journalism known as Gonzo has been inextricably associated with the American writer Hunter S. Thompson. Around the world, however, other journalists approach unconventional material in risky ways, placing themselves in the middle of off-beat stories, and relate those accounts in the supercharged rhetoric of Gonzo. In some cases, Thompson's influence is apparent, even explicit; in others, writers have crafted their journalistic provocations independently, only later to have that work labelled "Gonzo." In either case, Gonzo journalism has clearly become an international phenomenon. In *Fear and Loathing Worldwide*, scholars from fourteen countries discuss writers from Europe, the Americas, Africa and Australia, whose work bears unmistakable traces of the mutant Gonzo gene. In each chapter, "Gonzo" emerges as a powerful but unstable signifier, read and practiced with different accents and emphases in the various national, cultural, political, and journalistic contexts in which it has erupted. Whether immersed in the Dutch crack scene, exploring the Polish version of Route 66, following the trail of the 2014 South African General Election, or committing unspeakable acts

on the bus to Turku, the writers described in this volume are driven by the same fearless disdain for convention and profound commitment to rattling received opinion with which the "outlaw journalist" Thompson scorched his way into the American consciousness in the 1960s, '70s, and beyond.

These essays by Philippine and U.S.-based scholars illustrate the dynamism and complexities of the discursive field of Philippine studies as a critique of vestiges of "universalist" (Western/hegemonic) paradigms; as an affirmation of "traditional" and "emergent" cultural practices; as a site for new readings of "old" texts and "new" popular forms brought into the ambit of serious scholarship; and as a liberative space for new art and literary genres.

It's Too Late to Die Young Now answers the question: what became of the rock writer the day the music died? There is no field of journalism more mythologised or more derided than rock journalism - with good reason, according to Andrew Mueller. And he'd know. Starting out writing for the Sydney music street press in his teens, by his early twenties, Mueller was working for the legendary UK music weekly Melody Maker, earning a living by listening to records, going to gigs, hanging out in seedy pubs and travelling the world with his favourite rock groups. In barely two years, he went from a childhood bedroom with a poster of Robert Smith to The Cure's tour bus. Though it didn't seem like it at the time, the years Mueller was living the dream - the late-eighties to the mid-nineties - were actually the last hurrah for the music scene as we knew it. The era of flourishing live pub venues and record stores, and rock journalists as cultural arbiters and agitators, is now long gone. Featuring cameo appearances from luminaries of the Seattle grunge boom and the Britpop response to it, and encounters with the likes of U2, The Cure, Pearl Jam, The Fall and Elvis Costello, It's Too Late to Die Young Now is an Almost Famous for Generation X, and a hilarious and heartfelt eulogy to a life that seems even less probable now than it did at the time.

In the ancient and mystical land of Muirwood, Lia has known only a life of servitude. Labeled a "wretched," an outcast unwanted and unworthy of respect, Lia is forbidden to realize her dream to read or write. All but doomed, her days are spent toiling away as a kitchen slave under the charge of the Aldermaston, the Abbey's watchful overseer. But when an injured squire named Colvin is abandoned at the kitchen's doorstep, an opportunity arises. The nefarious Sheriff Almaguer soon starts a manhunt for Colvin, and Lia conspires to hide Colvin and change her fate. In the midst of a land torn by a treacherous war between a ruthless king and a rebel army, Lia finds herself on an ominous journey that will push her to wonder if her own hidden magic is enough to set things right.
