The Snarkiest Sci-Fi Series in the Galaxy is Back! After saving an alien race and its god from a sentient zombie virus, Cal Carver and the crew of the Dread Ship Shatner are feeling pretty pleased with themselves. Unfortunately, the creator of the zombie virus is out for revenge, and has recruited the galaxy's deadliest - and oldest - assassin, Lady Vajazzle, to hunt Space Team down. But when Vajazzle discovers the crew is under the protection of a wolf-like species known as the Greyx, she is forced to implement a Plan B so diabolical it threatens to

plunge the entire star system into chaos. With time running out, Cal must find a way to outmaneuver and outgun the galaxy's greatest killer before she murders his friends, butchers the Greyx, and buys the whole galaxy a one-way ticket to total annihilation.

Featuring murderous senior citizens, a moon of death, and a pointy stick that could change the fate of the universe, Space Team: The Wrath of Vajazzle is the second relentlessly funny science fiction book in the bestselling Space Team series by award-winning author, Barry J. Hutchison.

The galaxy just called for help. Unfortunately, the wrong man answered. When small-time conman, Cal

Carver, is thrown in jail and forced to share a cell with a semi-naked cannibalistic serial killer, he's pretty sure his day can't get any worse. Boy, is he wrong. It isn't until two-thirds of the human race is wiped out and Cal is mistakenly abducted by aliens that things really start to go downhill. Whisked across the galaxy, Cal is forced into a team of some of the sector's most notorious villains and scumbags and tasked with delivering a package to a warlord-run solar system where the authorities daren't venture. The mission should be simple enough, but as one screw-up leads to another the ragtag group of unwitting heroes find themselves in a frantic battle to save an entire alien civilization - and its god - from total annihilation.

"A laugh-out-loud space adventure you don't want to miss!" - P. Dixon, Amazon They may have recently averted a full-scale galactic war, but Cal Carver and Space Team just can't stay out of trouble. When a 'Weird Space Thing' threatens to destroy planet Earth, Cal is determined to stop it. But when they get there, they find the place is still swarming with parasitic extra-terrestrial bugs, and that there isn't a whole lot left to save. While battling an unexpected ghost of the past, Cal is abducted by aliens. Again. Brought before their covert High Council, Cal is given a choice: save his Earth and doom countless others to

oblivion, or sacrifice it, so that parallel Earths may live. Cal opts for none of the above, but his proposed solution might well doom not just his universe, but all universes everywhere. Featuring familiar strangers, unfamiliar friends, and an angry talking sheep named Duggie, Return of the Dead Guy is the reality-shattering sixth book in the Space Team saga.

Accidental space adventurer Cal Carver has had a rough few months. He's fought spider-dragons, battled space clowns, and been repeatedly tortured by the galaxy's oldest assassin. And don't even get him started on the squirrel-tits. Now all that's behind him, Cal just wants to kick back and relax. The

universe, however, has other ideas. He and his crew find themselves in possession of the Symmorium Sentience, a once god-like entity now stripped of its power. The Sentience needs help to return home and restore the Symmorium species, which recently found itself the subject of an unfortunate genocide. But with dark forces seeking to turn the Sentience's power into a planet-pulverizing weapon, the team's trek across the galaxy becomes a desperate race against time, with the fate of the very cosmos at stake. Featuring awkward space-dates, gene-splicing villains, and a packet of coconut fingers as old as time itself, Space Team: Sentiented to Death is the eleventh book in the bestselling Space Team series by multi-award-

Featuring unexpected stabbings, maniacal puppets, and a dog with a head like a testicle, Space Team: The Hunt for Reduk Topa is the twelfth book in the Space Team series, and the perfect jumping on point for new readers. Sick of the stress, aggravation, and multiple genocides they've had to put up with lately, accidental space hero Cal Carver and his crew set off to start a new life in a distant corner of the galaxy. Six tedious days of warp-speed and board games later, they arrive in a sector filled with new hope, new opportunities, and new adventures. Too broke to take

advantage of any of these things, they are forced to accept a series of increasingly demeaning jobs just to make ends meet. When one such job leads them to the offices of a sector-wide TV network, Cal signs-up to star in smash-hit gameshow, The Hunt, confident of winning the big cash prize. What he fails to realize is that the show's premise involves him being chased and killed for the amusement of the viewing public and so Cal must run, fight, and occasionally beg for his life as he attempts to win the game, the money, and his freedom. But in the entire history of the show, no competitor has ever survived The Hunt, and the network will stop at nothing to keep that record intact... Space Team: The Hunt for Reduk Topa is the

collisions against the hard realities of an America divided into Haves and Have-Nots evolves a drama that is intensely human yet majestic in its scale and moral vision, elemental yet plainspoken, tragic but ultimately stirring in its human dignity. A portrait of the conflict between the powerful and the powerless, of one man's fierce reaction to injustice, and of one woman's stoical strength, the novel captures the horrors of the Great Depression and probes into the very nature of equality and justice in America. At once a naturalistic epic, captivity narrative, road novel, and transcendental gospel, Steinbeck's powerful landmark novel is perhaps the most American of American Classics.
