Write a professional business plan - Find the right shop unit, and fit it out - Decide on suppliers - Manage food hygiene and health and safety - Create your menu and source produce - Budget, forecast and manage cash flow - Launch and generate interest - Employ and manage staff.

2nd edition of this accessible guide - expert advice, first hand experience, and practical information on how to launch and run your new business. Added value - includes popular recipes from the author's own coffee shop.

This is an entertaining but highly practical guide from the successful "Coffee Boys" authors that will enable you to open a coffee bar or sandwich bar that actually lasts and makes money. It presents a distillation of experience of the many dozens of coffee and sandwich businesses they have opened both personally and for clients. This work reveals and is based on the Great Formula (see six steps of contents) created by the authors within their own businesses and their consulting practice. It offers all the practical advice on location, raising finance, and devising a clear marketing plan.

Coffee is one of the most popular beverages in the world, and especially in the United States, where over 80% of adults are regular java drinkers. A coffee shop can be more than just a place to grab a quick cup. Many of them double as social hubs or performing spaces, making them important fixtures in their community. Coffee shop ownership is demanding, but they can also give you both financial and personal rewards in return for your time and effort. If you've always dreamed of opening your own coffee shop, this book will get
