Lois Lowry once again creates a mysterious but plausible future world. It is a society ruled by savagery and deceit that shuns and discards the weak. Blessed with an almost magical talent that keeps her alive, she struggles with ever broadening responsibilities in her quest for truth, discovering things that will change her life forever. As she did in *THE GIVER*, Lowry challenges readers to imagine what our world could become, how people could evolve, and what could be considered valuable. Every reader will be taken by Kira's plight and will long ponder her haunting world and the hope for the future.

Now Claire will stop at nothing to find her child, even if it means making an unimaginable sacrifice. In this thrilling series finale, *Son* thrusts readers once again into the chilling world of the Newbery Medal–winning book, *The Giver*.
