Traditional tailoring is a fascinating craft, which has not changed for many centuries, however, the techniques are now known only by a few practising in the best couture ateliers and bespoke tailor's workrooms. Nothing feels quite so luxurious or sophisticated as bespoke clothes, but the tailoring skills they require are often seen to be shrouded in mystery and the clothes therefore only accessible to the rich and famous. This practical book reveals the trade secrets of couture tailoring and brings vintage couture tailoring within the reach of all. With step-by-step photographs and professional tips throughout, it shows how a ladies' jacket is made and thereby introduces a range of fundamental tailoring techniques. These can be used for garments for either gender, as well as other sewing projects: moulding fabric to shape with the iron; employing loose interfacings; hollow shoulder construction; pad stitching canvas; interlining and weighting hems; making tailored and bound buttonholes;... and many more forgotten techniques. Written by a tailor of international repute, Vintage Couture Tailoring is dedicated to all who appreciate the highest standard of craftsmanship, and who like using their eyes and hands to produce beautiful garments. Vintage couture tailoring is practised by only a few establishments around the world today and this practical book reveals the trade secrets of couture tailoring. An invaluable guide for professionals wishing to further their skills, and for enthusiasts with an interest in traditional tailoring. Shows how to make a ladies' jacket from preparation through to assembly and reveals the exquisite finishing details that are the hallmark of couture tailoring. Superbly illustrated with 417 colour step-by-step photographs. Thomas von Nordheim is a tailor of international repute.

Classic 1901 guide to cutting ladies' tailor-made clothing includes patterns and detailed instructions for creating over 60 garments and parts of wearing apparel: leg-o-mutton sleeves, broad collars, military cape, knickerbockers, bloomers, opera cloak, riding breeches, and much more. The perfect reference for recreating vintage clothing for costume parties and theatrical productions.

Sewers who have ever longed to create clothing with the distinctive look of haute couture will love this book. They'll learn the finer points of hand sewing, shaping, and finishing for a high-end, professional look. This book is for all sewing enthusiasts who appreciate fine workmanship.

Presents an introduction to tailoring techniques through step-by-step instructions on making a lady's jacket.

Men's Tailoring: Bespoke, Theatrical and Historical Tailoring 1830-1950 introduces the reader to English tailoring and covers the

drafting of patterns, cutting out in cloth, and the complete traditional construction techniques in sequence for the tailoring of a waistcoat, trousers and jacket. The book contains: step-by-step instructions, complete with illustrations, for students and costumiers who are new to the making of male tailored garments from the nineteenth and twentieth centuries; drafting blocks and construction techniques for the main three styles of nineteenth century male garments: frock coat, morning coat and dress coat; patterns, photographs and detailed measurements taken from a variety of male coats, jackets, waistcoats and trousers from c1830 - c1950 from museums and collections. From choosing the right cloth to preparing for the fitting process, this how-to guide will help readers create beautiful, historically accurate three-piece suits for events and performances. waistcoats and trousers from c1830 - c1950 from museums and collections. From choosing the right cloth to preparing for the fitting process, this how-to guide will help readers create beautiful, historically accurate three-piece suits for events and performances.

Since its first publication, *Classic Tailoring Techniques for Menswear* has been the authoritative resource for custom hand tailoring production. This new edition focuses on updating these timeless construction techniques through extensive use of all new photography and digital illustrations to enhance the clarity of each process. The enduring art of tailoring and the nature of bespoke tailoring processes means that the techniques presented in the first edition remain as relevant for today's designers as ever. The new edition is updated with information on measuring, alternative approaches in use today and 748 all new photographs and illustrations. It also includes a brief overview of contemporary tailoring and the identifying key components of luxury tailoring from Britain, Italy and the United States. This introduction also familiarizes the reader with ways in which traditional production methods have been used in the development of luxury ready-to-wear men's tailoring. The text is ideal for students with basic design, patternmaking and sewing skills of at least an intermediate level for courses including *Tailoring Techniques*, *Menswear Design*, *Couture Sewing*, *Intermediate or Advanced Construction Techniques*, *Costume Construction* and *Fashion Design Studios*. *Instructor's Guide* available.

In this practical guide, Michelle Pye demystifies the process of making a handmade jacket. As an experienced bespoke tailor and teacher, she explains each step of the process from making a toile for fitting, cutting out, inserting the pockets, the application of the sleeves and collar, through to hand finishing and pressing the jacket. Much emphasis is placed on the preparation stage and then the alteration steps to ensure you get a fantastic fit. As well as explaining tailoring terms, *Ladies Couture Tailoring* warns of common mistakes and describes the techniques of the trade – such as using a
