New package for a cult classic. First published in 2003, The Book of Lies was hailed as a 21st grimoire and instantly became a cult classic. Now reformatted for the next generation of magicians and all counterculture devotees, it gathers an unprecedented cabal of occultists, esoteric scholars, and forward thinkers, all curated by Disinformation's former "wicked warlock" Richard Metzger. This compendium of the occult includes entries on topics as diverse and dangerous as Aleister Crowley, Secret Societies, Psychedelics, and Magick in theory and practice. The result is an alchemical formula that may well rip a hole in the fabric of your reality: Terence McKenna asks if we contact "aliens" with the smokable drug DMT Daniel Pinchbeck recounts his psychedelic and magical experiences Techgnosis author Eric Davis writes about H.P. Lovecraft Robert Anton Wilson writes about the similarities between Aleister Crowley and Timothy Leary Donald Tyson's "The Enochian Apocalypse Working" ask if the seeds of the end of the world sown in the Elizabethan era. Other contributors or subjects written about include Brian Barritt, Vere Chappell, Ida Craddock, Joe Coleman, Nevill Drury, Stephen Edred Flowers, T. Allen Greenfield, Gary Lachman, Anton Lavey, Peter Levenda, Grant Morrison, Michael Moynihan, Rosaleen Norton, Jack Parsons, Austin Osman Spare, and Tracy Twyman. It's all here and more!

How are our personal soundtracks of life devised? What makes some pieces of music more meaningful to us than others? This book explores the role of memory, both personal and cultural, in imbuing music with the power to move us. Focusing on the relationship between music and key life moments from birth to death, the text takes a cross-disciplinary approach, combining perspectives from a ' history of emotions ' with modern day psychology, empirical surveys of modern-day listeners and analysis of musical works. The book traces the trajectory of emotional response to music over the past 500 years, illuminating the interaction between personal, historical and contextual variables that influence our hard-wired emotional responses to music, and the key role of memory and nostalgia in the mechanisms of emotional response.

The classic guide to living a spiritual life rooted in Celtic antiquity and revived to meet the challenges of contemporary life. Druidry offers people a path of harmony through reconnection with the green Earth. The Druidry Handbook is the first hands-on manual of traditional British druid practice that explores the Sun Path of seasonal celebration, the Moon Path of meditation, and the Earth Path of living in harmony with nature as tools for crafting an Earth-honoring life here and now. From ritual and meditation to nature awareness and ecological action, John Michael Greer opens the door to a spirituality rooted in the living Earth. Featuring a mix of philosophy, rituals, spiritual practice, and lifestyle issues, The Druidry Handbook is an essential guide for those seriously interested in practicing a traditional form of druidry. It offers equal value to eclectics and solitary practitioners eager to incorporate more Earth-based spirituality into their own belief system.

Gay spirituality represents a hidden strand in Western thought that was only publically declared from the Gay Liberation of the 1970s. Since "coming out", expressions of gay spirituality have proliferated in both number and diversity.

Beginning with gay theology within Christianity, the phenomenon has now reached as far as Buddhism and neo-paganism. But, so far, critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles. 'A Special Illumination' offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion.

The National Center for Missing and Exploited Children (NCMEC) reported an 846-percent increase in reports of suspected child sex trafficking from 2010 to 2015-a spike the organization found to be "directly correlated to the increased use of the Internet to sell children for sex." Backpage.com sits at the center of that online black market. This is a large, profitable company: Backpage operates in 97 countries and 934 cities worldwide and was last valued at well over a half-billion dollars. According to an industry analysis in 2013, eight out of every ten dollars spent on online commercial sex advertising in the United States went to one website-Backpage. According to the National Center for Missing and Exploited Children Backpage is linked to nearly three-quarters of all suspected child sex trafficking reports that it receives from the general public through its "CyberTipline." And according to a leading anti-trafficking organization called "Shared Hope International," "[s]ervice providers working with child sex trafficking victims have reported that between 80 percent and 100 percent of their clients have been bought and sold on Backpage.com." Backpage has concealed evidence of crimes by systematically deleting words and images suggestive of illegal conduct from advertisements submitted to their website before publishing the ads. And some of those ads involved child sex trafficking. Backpage's editing process sanitized the content of millions of advertisements and hid important evidence from law enforcement.

A multidisciplinary index covering the journal literature of the arts and humanities. It fully covers 1,144 of the world's leading arts and humanities journals, and it indexes individually selected, relevant items from over 6,800 major science and social science journals.
