Poe ' s preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfils his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe ' s most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

Stories of lost love, lost ways . . . and lost minds! Gris Grimly ' s mysterious, morbid, and macabre illustrations capture four Poe classics with an unmatched ghoulish charm. This second installment of illustrated Poe tales, a companion to Edgar Allan Poe ' s Tales of Mystery and Madness, includes the perennial favorite The Tell Tale Heart, as well as The System of Dr. Tarr and Professor Fether, The Oblong Box, and The Facts in the Case of M. Valdemar. With little trimming and lots of gory visuals, these stories have never looked better or more frightening!

"The Black Cat" is a short story by Edgar Allan Poe. It was first published in the August 19, 1843, edition of The Saturday Evening Post. It is a study of the psychology of guilt, often paired in analysis with Poe's "The Tell-Tale Heart". In both, a murderer carefully conceals his crime and believes himself unassailable, but eventually breaks down and reveals himself, impelled by a nagging reminder of his guilt.

A representative of Poe ' s tales of the sea, "Ms. Found in a Bottle" follows the writer ' s infatuation with the horrific and unknown forces around us. An avid reader just like his creator, the narrator finds solace within books and ancient lore, thus testing the limits of one ' s imagination, and at the same time paving the road for further exploration of the unknown. Poe ' s otherworldly narrative could easily fall in the same category as the sea voyages and tribulations described by later authors such as Herman Melville and Joseph Conrad. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

Inspired by Poe ' s own tragic life, the short story clearly presages Freud ' s method of psychoanalysis. In a very Fight-club-like plot and situations, "William Wilson" is a journey within the mind. Some sixty years prior to Freud ' s clinical work and theoretical developments, Poe ' s story is an example of the rise of the psychological genre in literature. A fruitful, and at the same time paranoid, the theme of the doppelganger runs strong in Edgar Allan Poe ' s fiction. From

"The Fall of the House of Usher" to "Morella" and "Ligeia", Poe's characters are constantly harassed by conscious entities that mirror the chaos within the protagonists' unconscious. The influence of "William Wilson" can be felt in the proliferation of contemporary movies exploring the idea of the double, such as Hitchcock's "Vertigo" (1958), Basil Dearden's "The Man Who Haunted Himself" (1970) or Darren Aronofsky's "Black Swan" (2010). Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

"Ligeia" (/laɪˈdʒiə/) is an early short story by American writer Edgar Allan Poe, first published in 1838. The story follows an unnamed narrator and his wife Ligeia, a beautiful and intelligent raven-haired woman. She falls ill, composes "The Conqueror Worm", and quotes lines attributed to Joseph Glanvill (which suggest that life is sustainable only through willpower) shortly before dying. After her death, the narrator marries the Lady Rowena. Rowena becomes ill and she dies as well. The distraught narrator stays with her body overnight and watches as Rowena slowly comes back from the dead – though she has transformed into Ligeia. The story may be the narrator's opium-induced hallucination and there is debate whether the story was a satire. After the story's first publication in The American Museum, it was heavily revised and reprinted throughout Poe's life.

From "America's nerviest journalist" (Newsweek)--a breath-taking epic, a magnificent adventure story, and an investigation into the true heroism and courage of the first Americans to conquer space. "Tom Wolfe at his very best" (The New York Times Book Review) Millions of words have poured forth about man's trip to the moon, but until now few people have had a sense of the most engrossing side of the adventure; namely, what went on in the minds of the astronauts themselves - in space, on the moon, and even during certain odysseys on earth. It is this, the inner life of the astronauts, that Tom Wolfe describes with his almost uncanny empathetic powers, that made The Right Stuff a classic.

This book presents all the publicly available questions from the PISA surveys. Some of these questions were used in the PISA 2000, 2003 and 2006 surveys and others were used in developing and trying out the assessment.

One of the glories of Elizabethan drama: Marlowe's powerful retelling of the story of the learned German doctor who sells his soul to the devil in exchange for knowledge and power. Footnotes.
