Ten people find themselves stranded in the lonely house on Indian Island when their supposed hosts send word that they have been detained. A mysterious voice, afterwards discovered

Online Library Ten Little S By Agatha Christie

to come from a gramophone record, indicts each on of them -- the eight guests and the two servants -- of murder. It transpires that no-one has met their hosts and that they have evidently been decoyed to the island.

First one and then another dies; each death according to the rhyme of "Ten little Indians," and with each death one of the little china figurines on the mantelpiece is found broken. The tension grows as they

description.

In Agatha Christie's classic, *Five Little Pigs*, beloved detective Hercule Poirot races to solve a case from out of the past. Beautiful Caroline Crale was

Online Library Ten Little S By Agatha Christie

convicted of poisoning her husband, but just like the nursery rhyme, there were five other “little pigs” who could have done it: Philip Blake (the stockbroker), who went to market; Meredith Blake (the amateur

herbalist), who stayed at home; Elsa Greer (the three-time divorcée), who had her roast beef; Cecilia Williams (the devoted governess), who had none; and Angela Warren (the disfigured sister), who cried all the way home.
