Strange Terrors was a pre-comic code horror comic series. Popular but short lived, this series was published by St. John publications who at one time was a giant of the comic book industry. St. John Publications was an American publisher of magazines and comic books. During its short existence (1947-58), St. John's comic books established several industry firsts. Founded by Archer St. John (1904-55), the firm was located in Manhattan at 545 Fifth Avenue. After the St. John comic books came to an end in 1958, the company continued to publish its magazine line into the next decade. This book has been image enhanced to give the reader a comic as it was, freshly published more then fifty years ago and contains stories from two complete issues.

Charlie Martens is desperate for stability in an otherwise peripatetic life. An explosion that killed his parents when he was young robbed him of normalcy and he was shuttled from relative to relative, left alone to decipher the world he encountered in order to cobble together an answer as to how he would live. Ever the outcast, Charlie recognizes in Olivia, an international student from London, the sense of otherness he feels and their relationship seems to promise salvation. But when Olivia abandons him, his desperate mind fixates on her favorite writer, Vernon Downs, who becomes an emblem for reunion with Olivia. Charlie's quest takes him from Phoenix to New York City and when chance brings him into proximity to Vernon Downs, he quickly ingratiates himself into Downs's world. Proximity invites certain temptations, though, and it isn't long before Charlie moves dangerously from fandom to apprentice to outright possession.

Daisy, Paque and Stella want to be famous. Inspired by their idols, Bananarama, they form a pop group of their own. But Stella heads to LA to become an actress and lusting after bad-boy rocker Bryan Metro. Paque and Daisy, without Stella, are just about ready to call it quits when two friends are mysteriously murdered. They, the last people to see the victims alive, become the prime suspects and cashing in on this sudden notoriety, record their first hit. And the adventure is only just beginning. We're So Famous, Jaime Clarke's debut novel, was first published in 2001.

Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In Typographic Systems, Kim Elam, author of our bestselling books, Geometry of Design and Grid Systems, explores eight major structural frameworks beyond the gridincluding random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each systemfrom the structured axis to the nonhierarchical radial arrays explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. Typographic Systems is the seventh title in our bestselling Design Briefs series, which has sold more than 100,000 copies worldwide.

World Gone Water enlarges the portrait of Charlie Martens, first introduced in Vernon Downs, a young man grappling with how to navigate the world. Set in Phoenix, seven years before the events of Vernon Downs, Charlie finds himself released from a voluntary stay at a behavioral clinic in the Sonoran desert, the result of an incident with a woman he met while tending bar in Florida where Charlie had fled to forget his high school sweetheart, whose sudden marriage to someone else devastates him. But Charlie's homecoming launches him into a chain of events with a cast of characters that assault his fragile state and further undermine his general impressions about life and how to live. World Gone Water roves the deep terrain of our want for emotional connection and is a devastating narrative about love, sex, and friendship.

Make-Believe Beau! Fannie Erb isn't looking for a husband-especially if she has to leave her beloved horses to go find one. What she needs is a way to assure her parents she's not hopeless when it comes to love. Family friend Noah Bowman might just be her solution. A fake relationship will free them both from unwanted matchmaking plans. How could Fannie predict that pretending to date the handsome, teasing boy next door would awaken genuine emotions? By summer's end they'll be free to part, but Fannie's growing feelings are transforming her neighbor into the only man who might ever rein in her adventurous heart.

No one captured the teen portion of the eighties as poignantly as writer-director John Hughes. Sixteen Candles, The Breakfast Club, Weird Science, Pretty in Pink, Ferris Bueller's Day Off, and Some Kind of Wonderful are timeless tales of love, angst, longing, and self-discovery that illuminated and assuaged the anxieties of an entire generation. Fondly nostalgic, filled with wit and surprising insights, don't you forget about me contains original essays from a skillfully chosen crop of novelists and essayists on the films' far-reaching effects on their own lives -- an irresistible read for anyone who came of age in the eighties (or just wishes they did). Featuring new writing from: Steve Almond * Julianna Baggott * Lisa Borders * Ryan Boudinot * T Cooper * Quinn Dalton * Emily Franklin * Lisa Gabriele * Tod Goldberg * Nina de Gramont * Tara Ison * Allison Lynn * John McNally * Dan Pope * Lewis Robinson * Ben Schrank * Elizabeth Searle * Mary Sullivan * Rebecca Wolff * Moon Unit Zappa
