Before a run, you eat something light that's high in carbohydrates but low in fat, protein, and fiber. Aim to finish eating 90 to 120 minutes before you start running. Keep in mind, however, that every runner is different. Some runners can eat 30 to 60 minutes before a run and finish the workout comfortably.

Mikil Taylor presents first-time managers with a how-to guide for adjusting to their new leadership roles so they can become successful managers without learning exclusively from mistakes. Few managers are adequately prepared and trained, which has a severely negative effect on the newly-promoted manager, their team, and the quality of the team's work. After reading this book, new managers will be able to successfully run their new teams without falling flat on their faces.

"I wish I'd had this book when I needed it. Death and dying are not subjects that many people are comfortable talking about, but it's hugely important to be as prepared as you can be - emotionally, physically, practically, financially, and spiritually. This book may be the most important guide you could have." - Elizabeth Gilbert, author of Eat Pray Love \_\_\_\_\_ The end of a life can often feel like a traumatic, chaotic and inhuman experience. In this reassuring and inspiring book, palliative care physician Dr BJ Miller and writer Shoshana Berger provide a vision for rethinking and navigating this universal process. There are plenty of self-help books for mourners, but nothing in the way of a modern, approachable and above all useful field guide for the living. And all of us - young, old, sick and well -

could use the help. After all, pregnant couples have ample resources available to them as they prepare to bring a new life into the world: Lamaze courses, elaborate birth plans, tons of manuals. Why don't we have a *What to Expect When You're Expecting to Die* book? An accessible, beautifully designed and illustrated companion, *A Beginner's Guide to the End* offers a clear-eyed and compassionate survey of the most pressing issues that come up when one is dying, and will bring optimism and practical guidance to empower readers with the knowledge, resources and tools they'll need to die better, maybe even with triumph.

In the last decade the first person view phenomenon has taken the world by storm. It has brought an entirely new field to the hobby with new thrills and challenges. Despite this, FPV remains a hobby that requires a steep learning curve, significant research, a decent investment and a lot of trial and error. This book is a beginner's guide to FPV piloting. It intends to bring the reader from zero knowledge of the subject to a position where they can safely conduct FPV flights. It covers the broad range of necessary topics such as vehicle selection, control link, video link, component placement, ground station design, interference troubleshooting, and tips for successful flights. It provides photographs of commonly used equipment and schematics of typical setups - including a detailed case study on the author's own configurations. The must-have guide for any hobbyist new to the exciting world of FPV.

"Into the maelstrom of unprecedented contemporary debates about immigrants in the United States, this perfectly timed book gives us a portrait of what the new immigrant experience in America is really like. Written as a "guide" for the newly arrived, and providing "practical information and advice," Roya Hakakian, an immigrant herself, reveals what those who settle here love about the country, what they

miss about their homes, the cruelty of some Americans, and the unceasing generosity of others. She captures the texture of life in a new place in all its complexity, laying bare both its beauty and its darkness as she discusses race, sex, love, death, consumerism, and what it is like to be from a country that is in America's crosshairs. Her tenderly perceptive and surprisingly humorous account invites us to see ourselves as we appear to others, making it possible for us to rediscover our many American gifts through the perspective of the outsider"--

The beloved creator of "Notes from the Universe" distills a career's worth of inspiration into elegant, brief lessons for making our way through the world--conceived as a guidebook for his young daughter yet relevant to everyone who's living a life on earth. (In other words, everyone.) Mike Dooley returns with what he expects to be his most impactful book yet: a volume of elegant, brief lessons conceived as a message from a father to his daughter, and equally relevant to everyone who's living a life on earth. (In other words, everyone.) Mike is a beloved teacher and thought leader for seekers around the world, known for his trademark humor, wisdom, and sheer joy in living--all of which he's shared in his 17 books and his free daily e-mails of "Notes from the Universe." His Beginner's Guide to the Universe, inspired by such classics of gem-like wisdom as Life's Little Instruction Book, The Four Agreements, and The Things You Can See Only When You Slow Down, gives voice to his most essential, heartfelt advice about living deliberately and creating consciously. Guiding the reader thoughtfully and joyfully

Written by a creative master of mathematical logic, this introductory text combines stories of great philosophers, quotations, and riddles with the fundamentals of mathematical logic. Author Raymond Smullyan offers clear, incremental presentations of difficult logic concepts. He highlights each subject with inventive explanations and unique problems. Smullyan's accessible narrative provides memorable examples of concepts related to proofs, propositional logic and first-order logic, incompleteness theorems, and incompleteness proofs. Additional topics include undecidability, combinatoric logic, and recursion theory. Suitable for undergraduate and graduate courses, this book will also amuse and enlighten mathematically minded readers. Dover (2014) original publication. “Arguably the greatest living travel writer” (Outside magazine), Pico Iyer has called Japan home for more than three decades. But, as he is the first to admit, the country remains an enigma even to its long-term residents. In *A Beginner’s Guide to Japan*, Iyer draws on his years of experience—his travels, conversations, readings, and reflections—to craft a playful and profound book of surprising, brief, incisive glimpses into Japanese culture. He recounts his adventures and observations as he travels from a meditation hall to a love hotel, from West Point to Kyoto Station, and from dinner with Meryl Streep to an ill-fated call to the Apple service center in a series of provocations guaranteed to pique the interest and curiosity of those who don’t know Japan—and to remind those who do of its myriad fascinations.

God created the human body as a finely tuned instrument of enormous power, but it requires fuel to operate. To make sure the body gets enough fuel, God created in us an appetite for food, which we call hunger. So why would we ever ignore our hunger and choose not to eat? Going without food for
