Cause of death: a text message. Okay. So, I didn't die. But I may as well have. One minute, I'm a woman trying to find her way in the world, and the next, I'm the sender of six of the most embarrassing text messages that have ever been sent in the history of time-or the cell phone. Whatever. We're talking code red, send a flipping mayday, the apocalypse is coming kind of texts. And I didn't just send them to some random person I'll never see again. No. That would be too easy. I sent them to Milo Ives. The man who played a starring role in all of my teenage fantasies-and my brother's lifelong best friend. And, boy oh boy, has he grown up. He's

A special 20th anniversary edition of the beloved international bestseller that changed millions of lives Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights

faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He reconnected with Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class:" lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.
