Part of the Penguin Orange Collection, a limited-run series of twelve influential and beloved American classics in a bold series design offering a modern take on the iconic Penguin paperback Winner of the 2016 AIGA + Design Observer 50 Books | 50 Covers competition For the seventieth anniversary of Penguin Classics, the Penguin Orange Collection celebrates the heritage of Penguin’s iconic book design with twelve influential American literary classics representing the breadth and diversity of the Penguin Classics library. These collectible editions are dressed in the iconic orange and white tri-band cover design, first created in 1935, while french flaps, high-quality paper, and striking cover illustrations provide the cutting-edge design treatment that is the signature of Penguin Classics Deluxe Editions today. The Crucible One of the true masterpieces of twentieth-century American theater, The Crucible brilliantly explores the threshold between individual guilt and mass hysteria, personal spite and collective evil. It is a play that is not only relentlessly suspenseful and vastly moving, but that compels readers to fathom their hearts and consciences in ways that only the greatest theatre can.

The #1 New York Times Bestseller “An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives.” —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of Master of None and one of this generation’s sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it’s wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. “Why did this guy just text me an emoji of a pizza?” “Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!” “My girlfriend just got a message from some dude named Nathan. Who’s Nathan? Did he just send her a photo of his penis? Should I check just to be sure?” But the transformation of our romantic lives can’t be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for Modern Romance, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world’s leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we’ve seen before. In Modern Romance, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

This book examines in depth the century-long struggle of Black laborers in the iron and steel industry of western Pennsylvania. In the process it shows how the fate of these Black workers mirrors the contemporary predicament of the Black working class and the development of a chronically unemployed underclass in America's declining industrial centers. Dickerson argues that persistent racial discrimination within heavy industry and the decline of major industries during the 1970s are key to understanding the social and economic situation of twentieth-century urban Blacks. Through a blend of historical research and contemporary interviews, this study chronicles the struggle of Black steelworkers to gain equality in the industry and the setbacks suffered as American steelmaking succumbed to foreign competition and antiquated modes of production. The plight of western Pennsylvania's Black steelworkers reflects that of Black laborers in Chicago, Gary, Detroit, Cleveland, Youngstown, Birmingham, and other major American cities where heavy industry once flourished.

The classic groundbreaking book on family therapy by acclaimed experts Augustus Y. Napier, Ph.D., and Carl Whitaker, M.D. This extraordinary book presents scenarios of one family’s therapy experience and explains what underlies each encounter. You will discover the general patterns that are common to all families—stress, polarization and escalation, scapegoating, triangulation, blaming, and the diffusion of identity—and you will gain a vivid understanding of the intriguing field of family therapy. “If you have a troubled marriage, a troubled child, a troubled self, if you’re in therapy or think that there’s no help for your predicament, The Family Crucible will give you insights . . . that are remarkably fresh and helpful.”—New York Times Book Review

Tackling the same twisted subject as Stacy Schiff’s much-lauded book The Witches: Salem, 1692, this Sibert Honor book for young readers features unique scratchboard illustrations, chilling primary source material, and powerful narrative to tell the true tale. In the little colonial town of Salem Village, Massachusetts, two girls began to twitch, mumble, and contort their bodies into strange shapes. The doctor tried every remedy, but nothing cured the young Puritans. He grimly announced the dire diagnosis: the girls were bewitched! And then the accusations began. The riveting, true story of the victims, accused witches, crooked officials, and mass hysteria that turned a mysterious illness affecting two children into a witch hunt that took over a dozen people’s lives and ruined hundreds more unfolds in chilling, novelistic detail—complete with stylized black-white-and-red scratchboard illustrations of young girls having wild fits in the courtroom, witches flying overhead, and the Devil and his servants terrorizing the Puritans— in this young adult book by award-winning author and illustrator Rosalyn Schanzer. Taught in middle and high schools around the U.S., the 17th-century saga remains hauntingly resonant as people struggle even today with the urgent need to find someone to blame for their misfortunes. Witches! has been honored with many prestigious awards, including:. Robert F. Sibert Informational Book Honor Book 2012 Notable Children's Books—ALSC NCSS—Notable Social Studies Trade Books in the Field of Social Studies 2012 School Library Journal Best Books of 2011 SLJ’s 100 Magnificent Children’s Books of 2011 Chicago Public Library Best of the Best 2011

In this stunning coming-of-age novel, award-winner Miriam Toews balances grief and hope in the voice of a witty, beleaguered teenager whose family is shattered by fundamentalist Christianity "Half of our family, the better-looking half, is missing," Nomi Nickel tells us at the beginning of A Complicated Kindness. Left alone with her sad, peculiar father, her days are spent piecing together why her mother and sister have disappeared and contemplating her inevitable career at Happy Family Farms, a chicken slaughterhouse on the outskirts of East Village. Not the East Village in New York City where Nomi would prefer to live, but an oppressive town founded by Mennonites on the cold, flat plains of Manitoba, Canada. This darkly funny novel is the world according to the unforgettable Nomi, a bewildered and wry sixteen-year-old trapped in a town governed by fundamentalist religion and in the shattered remains of a family it destroyed. In Nomi's droll, refreshing voice, we're told the story of an eccentric, loving family that falls apart as each member lands on a collision course with the only community any of them have ever known. A work of fierce humor and tragedy by a writer who has taken the American market by storm, this searing, tender, comic testament to family love will break your heart.

George Orwell's celebrated novella, *Animal Farm*, is a biting, allegorical, political satire on totalitarianism in general and Stalinism in particular. One of the most famous works in modern English literature, it is a telling comment on Soviet Russia under Stalin's brutal dictatorship based on a cult of personality which was enforced through a reign of terror. The book tells a seemingly simple story of farm animals who rebel against their master in the hope of stopping their exploitation at the hand of humans and creating a society where animals would be equal, free and happy. Ultimately, however, the rebellion is betrayed and the farm ends up in a state as bad as it was before. The novel thus demonstrates how easily good intentions can be subverted into tyranny. Orwell has himself said that it was the first book in which he had tried, with full consciousness of what he was doing, 'to fuse political purpose and artistic purpose into one whole.' The book was first published in England in 1945, and has since then remained a favourite with readers all over the world, and has consistently been included in all prestigious bestseller lists for the past many years.
