English Heritage is a charity that manages over 400 historic monuments, buildings and places. These include prehistoric sites, medieval castles, Roman forts and country houses. The charity states that it uses these properties to "bring the story of England to life for over 10 million people each year". Within its portfolio are Stonehenge, Dover Castle, Tintagel Castle and the best preserved parts of Hadrian's Wall. English Heritage also manages the London Blue Plaque scheme, which links influent

New legends for modern times: sprung from our ancient lands, stories and stones. 'Marvellous and menacing,' Daily Mail 'The shadow from which I thought I had unshackled myself has returned. Whether this Horror is real or merely the handiwork of my imagination I cannot say. Nor can I say which of these possibilities disturbs me more.' from 'The Dark Thread' by Graeme Macrae Burnet From the legends of King Arthur embedded in the rocky splendour of Tintagel to the folklore and mysticism of Stonehenge, English Heritage sites are often closely linked to native English myths. Following on from the bestselling ghost story anthology Eight Ghosts, this is a new collection of stories inspired by the legends and tales that swirl through the history of eight ancient historical sites. Including an essay by James Kidd on the importance of myth to our landscape and our fiction, and an English Heritage survey of sites and associated legends, These Our Monsters is an evocative collection that brings new voices and fresh creative alchemy to our story-telling heritage. 'Nobody believes you when you talk about the whispering. Oh, Monny, you are funny, they say, you've such an imagination. There's a lot they don't believe.' from 'The Hand Under the Stone' by Sarah Hall The atmospheric locations: Edward Carey - Bury St Edmunds Abbey Sarah Hall - Castlerigg and other stone circles Paul Kingsnorth - Stonehenge Alison MacLeod - Down House Graeme Macrae Burnet - Whitby Abbey Sarah Moss - Berwick Castle Fiona Mozley - Carlisle Castle Adam Thorpe - Tintagel Castle

Rooted in place, slipping between worlds - a rich collection of unnerving ghosts and sinister histories. 'An impressive line-up of established and emerging names.' The Sunday Times 'These eerie, unsettling stories are guaranteed to send shivers down your spine.' Daily Express Eight authors were given the freedom of their chosen English Heritage site, from medieval castles to a Cold War nuclear bunker. Immersed in the past and chilled by rumours of hauntings, they channelled their darker imaginings into a series of extraordinary new ghost stories. 'Subtly evocative of human relations loss, grief, or the fear of loneliness.' TLS 'A satisfying and spooky read.' Sun Also includes a gazetteer of English Heritage properties which are said to be haunted.

This is an introduction to the archaeology of Anglo-Saxon England, incorporating the latest findings and research, with particular emphasis on the early centuries, from the departure of the Romans to the coming of the Vikings. The author examines the rich archaeological evidence from both excavated settlements and cemeteries, including the Yeavering palace and the royal ship burial at Sutton Hoo, to present a vivid picture of the Anglo-Saxon people, their traditions, beliefs, communities and settlements and their contribution to the history of England.

This revised introduction to Britain in the first millennium BC incorporates modifications to a story that is still controversial. It covers a time of dramatic change in Europe, dominated by the emergence of Rome as a megastate. In Britain, on the extremity of these developments, it was a period of profound social and economic change, which saw the end of the prehistoric cycle of the Neolithic and bronze Ages, and the beginning of a world that was to change little in its essentials until the great voyages of colonization and trade of the 16th century. The theme of the book is that of social change within an insular society sitting on the periphery of a world in revolution.

Curated new collections. Dublin-born Bram Stoker lived in London, meeting other notable authors such as Arthur Conan Doyle and Oscar Wilde. Apart from the ground-breaking Dracula Stoker wrote supernatural horror short stories, many of which, including 'The Judge's House' and 'Dracula's Guest', are featured here with extracts from his longer works.

Norwich is a city of superlatives. In the Middle Ages it was England's largest walled city and today it boasts more surviving medieval churches than any town in Europe. Moreover, during the 17th and 18th centuries it was recognized as Britain's richest provincial city. In this book Brian Ayers shows how it has developed over the past 1000 years from the small villages on the banks of the Wensum.

An introduction to English usage provides a look at, and explanations of, a range of grammatical problems, including style, diction, pronunciation, word formation, names and labels, and science terms

Maiden Castle is Britain's largest hillfort. Based partly on the authors own excavations, this book provides a survey of this monument placing it in the context of the surrounding area and relating it to significant regional and national developments from the same period. Maiden Castle is written by Niall Sharples who is an archaeologist and was Director of the Maiden Castle project.
