We often hear that success requires pushing the boundaries, coloring outside the lines, stepping on toes, and breaking all the rules. But some rules are so critical they aren't meant to be broken. Here, perennially popular Good Morning America host Robin Roberts reveals the 8 rules that she has always honored on her road to success. Illustrated with stories from her work, her family, and her faith, she explains how deceptively simple maxims like "Never lose sight of the Big Picture" and "Give people the benefit of the doubt" are both deeply meaningful and crucial to happiness and genuine accomplishment. Combined with a good dose of Robin's trademark humor, warmth, and honesty, this book will be required reading for anyone in need of an infusion of sincere inspiration. And in light of her announcement in July 2007 that she had breast cancer, Robin's message is bound to touch an even larger audience.

“ A landmark work of lesbian fiction ” and the basis for the acclaimed film *Desert Hearts* (The New York Times). Against the backdrop of Reno, Nevada, in the late 1950s, award-winning author Jane Rule chronicles a love affair between two women. When *Desert of the Heart* opens, Evelyn Hall is on a plane that will take her from her old life in Oakland, California, to Reno, where she plans to divorce her husband of sixteen years. A voluntary exile in a brave new world, she meets a woman who will change her life. Fifteen years younger, Ann Childs works as a change apron in a casino. Evelyn is instantly drawn to the fiercely independent Ann, and their friendship soon evolves into a romantic relationship. An English professor who had always led a conventional life, Evelyn suddenly finds all her beliefs about love, morality, and identity called into question. Peopled by a cast of unforgettable characters, this is a novel that dares to ask whether love between two women can last.

The Heart of the Story will help you see God ' s Word in a new and inspiring light. In the Bible ' s seemingly disconnected stories, you ' ll discover one grand, unfolding epic – God ' s story from Genesis onward – and your own life-story contained within it. “ To understand the Bible, ” says author and pastor Randy Frazee, “ you need bifocal lenses, because two perspectives are involved. The Lower Story, our story, is actually many stories of men and women interacting with God in the daily course of life. The Upper Story is God ' s story, the tale of his great, overarching purpose that fits all the individual stories together like panels in one unified mural. ” In this new edition, Randy dives deeper in the Upper and Lower stories and shows how both perspectives will open your eyes to the richness and relevance of the Bible. Illuminating God ' s master-plan from Genesis to our daily lives, The Heart of the Story will encourage you to experience the joy that comes from aligning your stories with God ' s.

The suicidal proclivity of our time, writes the acclaimed philosopher J. Budziszewski, is to deny the obvious. Our hearts are riddled with desires that oppose their deepest longings, because we demand to have happiness on terms that make happiness impossible. Why? And what can we do about it? Budziszewski addresses these vital questions in his brilliantly persuasive new book, The Line Through the Heart. The answers can be discovered in an exploration of natural law—a venture that, with Budziszewski as our expert guide, takes us through politics, religion, ethics, law, philosophy, and more. Natural law, the author states plainly but provocatively, is a fact about human beings; as surely as we have hands and feet, we have the foundational principles of good and evil woven into the fabric of our minds. From this elemental fact emerges a natural law theory that unfolds as part of a careful study of the human person. Thus, Budziszewski shows, natural law forms a common ground for humanity. But this common ground is slippery. While natural law is truly an observable part of human nature, human beings are hell-bent—quite literally—on ignoring it. The mere mention of the obligations imposed on man by his nature will send him into a

rage. In this sense, *The Line Through the Heart* explores natural law as not simply a fact and a theory but also a sign of contradiction. While investigating the natural law and its implications, Budziszewski boldly confronts—and offers a newly integrated view of—a wide range of contemporary issues, including abortion, evolution, euthanasia, capital punishment, the courts, and the ersatz state religion being built in the name of religious toleration. Written in Budziszewski's usual crystalline style, *The Line Through the Heart* makes clear that natural law is a matter of concern not merely to scholars; it touches how each of us lives, and how all of us live together. His profoundly important examination of this subject helps us make sense of why habits that run against our nature have become second nature, and why our world seems to be going mad.
