We don't hear much about angels nowadays. When we do, they have often been secularized or commercialized. Instead of ministering angels who reveal God's love and mercy, we hear about "angel investors" or we gobble up foil-wrapped chocolate angels at Christmas. But Joan Wester Anderson trusts that angels still walk among us. On mountain slopes, on desolate rural highways, in airplane cockpits—these are just a few of the many places where ordinary people have felt the very real presence and power of God's angels at work in their lives. In this twenty-fifth anniversary edition of her

New York Times best-selling book *Where Angels Walk*, Joan Wester Anderson (the “Angel Lady”) offers dozens of reasons—stories, actually—for us to reconsider our rather limited view of angels. In addition to the original collection of angelic encounters, several new stories have been included. Anderson, who holds traditional Christian beliefs about angels, was careful to select only those stories that had a ring of truth to them. But are they true? Do heavenly visitors really walk among us? Open this book—along with your heart—before you decide.

Adrian van Kaam, CSSp, PhD (1920-2007). While many books are available on "spiritual formation" and "Christian disciplines," no other author of our time has offered such a holistic and comprehensive explanation of Christian formation and its relationship to the human spirituality of all persons.

Understanding our Story culls the most seminal ideas and vocabulary from van Kaam's eleven volumes on formation science, formation anthropology, and formation theology, and provides examples of his theoretical-practical research drawn from everyday life, Scripture, Christian writers, and van Kaam's life story itself. In doing so, it makes his extensive work available to scholars in the field of spiritual formation,

and gives all readers the opportunity to utilize his insightful thinking to more fully understand the myriad ways in which God reforms and transforms lives into the image of Christ. In the pluritraditional world in which we live, where so many faith and formation traditions demand our attention, van Kaam's formative spirituality provides a means of respectful dialogue with formationally relevant truths from others and of wise appraisal of ideas that are (and are not) conducive to, and compatible with, the Christian revelation.
