

"Get this book, learn the system, do cool readings." - David Numen "Julian's work is the best of the bunch in these genres. I have scoured book stores. I only learn from his books and ideas." - John Cesta My latest ebook which teaches the fundamentals of cartomancy is now ready for release. It's similar to my other books in that it's aimed at complete beginners as well as people who've started learning this particular reading discipline but then given up for one reason or another. Like my other books I use a no nonsense approach with lots of memory tips, insights, reviews and exercises over ninety pages to help you get up to speed as quickly as possible and the whole experience is extremely 'hands on'. In fact part of the process involves scribbling on the cards a lot to make sure the basics are implanted in your mind as you go. I'm really hoping that this new book gets some of you on the road to giving proper and interesting readings with cards instead of just thinking about it. There's a lot more information hidden in those fifty-two bits of paper than you probably realise! REVIEWS "I got this yesterday and have started the study and have to say it's quite brilliant. I've read cards of one form or another for 20 years after learning initially from the Joe Riding course but for various reasons I was looking for something to help me sharpen my skills - and this more than does the trick. For anyone who might feel that they'd rather this was on tarot I think it's worth pointing out that when I started doing readings many moons ago a number of clients would tell me of this mystical sounding old man who read from "ordinary cards." It was clear that the impression given to these women was that reading ordinary cards was somehow more skillful and impressive than tarot cards (I guess the pictures on the cards might make it obvious to some astute clients that there are highly visible cues on the cards). Playing card readings rock - and playing cards predate tarot and are thus, in my book, purer and more mysterious than tarot." - David Numen "I purchased this ebook. What a great system. Always in the easily understood clear writing format you'd expect from Julian. This is of a quality you would expect to find in a book store. I have in the past purchased Julian's James Bond Cold Reading book and his Palm Reading book. For me this is one of the best. I find I am more in tune with numbers than the others. I always have a deck of cards and certainly the places I frequent there are cards as well. The fact that you can use a few cards, a few more to create a simple or more complex reading is terrific. Make it as long or short as you'd like. Julian's audio book (available for free from his site) is also top notch! Lots of valuable audio files to use while driving or sitting in a Doctor's office. Certainly worth the asking price. If you have any of Julian's other offerings you know what I mean. If you don't have any of Julian's other offerings don't hesitate. His metaphors and memory links make sense and they work." - John Cesta OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: The James Bond Cold Reading Coming Soon: Speed Learning: Palmistry - Palm Readings In Your Own Words

"One of the best, most practical guides for learning this ancient divination technique that's ever hit the market. THIS BOOK IS A MUST!" - Craig Browning In his new book, 'Speed Learning Palm Readings In Your Own Words', Julian Moore teaches the basics of palmistry using proven techniques which mean that you could be reading palms in less than 48 hours! This ebook and ten accompanying FLASH CARDS can get you up to speed quicker than you ever thought imaginable, while still creating your own style and being true to yourself without having to pretend that you're a great showman or anything other than yourself. 'Speed Learning Palm Readings In Your Own Words' shows you how to give REAL readings that CONNECT with people. Most people who decide to learn palmistry are easily put off when they first pick up a palmistry book, there's so much information and more often than not, no clear description of even what ORDER to read the different elements of the hand in. This is not like those other books. It teaches you a step-by-step way of reading people's palms that's almost impossible to forget, and as it encourages you to create YOUR OWN way of describing what the lines and fingers mean, the speed of learning is greatly increased. You're not just learning 'parrot style', you're creating your OWN versions of how to talk about the meanings of the hand, which makes them entirely memorable! REVIEWS "No hype...just plain good! You can't go wrong if you just DO what Julian describes. I've always shied away from palmistry because I thought the system was too complicated. Julian has changed all that. And, the memory cues are an added bonus. It just can't get any easier." - Nicholas "After reading Julian's book, and going through the flash cards a couple of times, I have a practical knowledge of palm reading that I didn't have 48 hours ago. My progress is clear and tangible. Today, I was able to improvise a palm reading session with one of my regular clients, and it went very well. I'm excited! That's why I'm writing this review, hoping that some of you also take advantage of this beautiful tool that Julian is sharing with us." - Enrique Enriquez - member of Kenton Knepper's S.E.C.R.E.T. school and co-author of the groundbreaking book 'Mind Reading' "A very useful tool for both learning and reviewing palmistry basics. For learning you have taken the concept of flash cards and made the cue cards much more of a memory exercise; thereby, challenging the mind to create rather than just repeat. For the pro you have given some interesting slants on certain traits that add further dimension and depth to a reading. The cards provide an excellent review tool for all practicing palmists as it allows them to review traits and characteristics that may not appear commonly in their practice." - Charles Green & Eugene Bourgal "An excellently laid out summation of the essence of palmistry, designed to teach you as you go along. I can certainly see how one can get this today and start giving mini-readings tomorrow night. Better yet, learn it all easily in a week and give real readings and be able to answer questions. This book actually teaches easily, speedily the essence of palmistry. Nice job. I'd recommend this to anyone starting out in the field. Well worth the money." - Tom Jorgenson OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: Cartomancy - A Playing Card Reading Primer Speed Learning: The James Bond Cold Reading
