Instead, set in late Victorian era London "The Map of Time" gives readers a bit of a love story, a bit of mystery, a bit of science fiction, even a bit of biography, but it fails to fully develop any of these aspects and left me feeling cheated on all fronts. Palma does a fine job of setting the Victorian stage.

The New York Times bestselling author of The Map of Time returns with a mesmerizing novel casting H.G. Wells in a leading role, as the extraterrestrial invasion featured in The War of the Worlds is turned into a bizarre reality. A love story serves as backdrop for The Map of the Sky when New York socialite Emma Harlow agrees to marry millionaire Montgomery Gilmore, but only

A skeptical H. G. Wells investigates time-travel mysteries including an aristocrat's love affair with a murdered prostitute from the past, a Victorian woman's escape to the future, and a plot to murder celebrated authors to steal their written works.

The fate of the earth hangs in the balance as H.G. Wells' The War of the Worlds is transformed from the work of one writer's imagination into a terrifying reality for all mankind. 1898. New York socialite Emma Harlow agrees to marry well-to-do Montgomery Gilmore, but only if he first accepts her audacious challenge: to reproduce the Martian invasion featured in H. G. Wells's popular novel The War of the Worlds. Meanwhile in London, Wells himself is unexpectedly made privy to certain objects, apparently of

extraterrestrial origin, that were discovered decades earlier on an ill-fated expedition to the Antarctic. On that same expedition was an American crew member named Edgar Allan Poe, whose inexplicable experiences in the frozen wasteland would ultimately inspire him to create one of his most enduring works of literature. When eerie, alien-looking cylinders begin appearing in London, Wells is certain it is all part of some elaborate hoax. But soon, to his great horror, he realizes that a true invasion of Earth has indeed begun. As brave bands of citizens converge on a crumbling London to defend it against utter ruin, Emma and her suitor must confront the enigma that is their love, a bright spark of hope even against the darkening light of apocalypse. Palma dazzled readers with his instant New York Times bestseller *The Map of Time*. In *The Map of the Sky*, he embarks on an even more thrilling speculative journey, one that links the earth and the heavens, the familiar and the bizarre, the impossible and the inevitable.

From the New York Times bestselling author of *The Map of Time* and *The Map of the Sky*, the final installment in the award-winning trilogy that *The Washington Post* called "a big, genre-bending delight." When the person he loves most dies in tragic circumstances, the mysterious protagonist of *The Map of Chaos* does all he can to speak to her one last time. A session with a renowned medium seems to offer the only solution, but the experience unleashes terrible forces that bring the world to the brink of disaster. Salvation can only be found in *The Map of Chaos*, an obscure, hand-written mathematical treatise that he is desperate to uncover. In his search, he is given invaluable help by Sir Arthur Conan Doyle, Lewis Carroll, and of course by H.G. Wells, whose *Invisible Man* seems to have escaped from the pages of his famous novel to sow terror among mankind. They alone can discover the means to save the world and to find the path that will reunite the lovers separated by death. Proving once again that he is "a master of ingenious plotting" (*Kirkus Reviews*), Félix J. Palma brings together a cast of real and imagined literary characters in Victorian London, when spiritualism is at its height. *The Map of Chaos* is a spellbinding adventure that mixes impossible loves, nonstop action, real ghosts, and fake mediums, all while paying homage to the giants of science fiction.

A conclusion to the trilogy that includes "The Map of Time" and "The Map of the Sky" finds its mysterious protagonist seeking an obscure magical book that will help him confess a dangerous secret to a lost loved one.

The *Map of Time* Characters real and imaginary come vividly to life in this whimsical triple play of intertwined plots, in which a skeptical H. G. Wells is called upon to investigate purported incidents of time travel and to save lives and literary classics, including *Dracula* and *The Time Machine*, from being wiped from existence. What happens if we change history? Félix J. Palma explores this provocative question, weaving a historical fantasy as imaginative as it is exciting—a story full of love and adventure that transports readers from a haunting setting in Victorian London to a magical reality where centuries collide and a writer's mind seems to pull at all the strings. *The Map of the Sky* 1898. But Geoffrey's family, which controls the vast Akinya business empire, has other plans for him. After the death of his grandmother Eunice—the erstwhile space explorer and entrepreneur—something awkward has come to light on the Moon, so Geoffrey is dispatched there to ensure the family name remains untarnished. Orphaned by the Border Wars, Alina Starkov is taken to become the protégée of the mysterious Darkling, who trains her to join the magical elite in the belief that she is the Sun Summoner, who can destroy the monsters of the Fold.

\* "Wholly original and marvelous beyond compare." Kirkus Reviews, starred review Boston, 1891. Sophia Tims comes from a family of explorers and cartographers who, for generations, have been traveling and mapping the New World—a world changed by the Great Disruption of 1799, when all the continents were flung into different time periods. Eight years ago, her parents left her with her uncle Shadrack, the foremost cartographer in Boston, and went on an urgent mission. They never returned. Life with her brilliant, absent-minded, adored uncle has taught Sophia to take care of herself. Then Shadrack is kidnapped. And Sophia, who has rarely been outside of Boston, is the only one who can search for him. Together with Theo, a refugee from the West, she travels over rough terrain and uncharted ocean, encounters pirates and traders, and relies on a combination of Shadrack's maps, common sense, and her own slantwise powers of observation. But even as Sophia and Theo try to save Shadrack's life, they are in danger of losing their own. The Glass Sentence plunges readers into a time and place they will not want to leave, and introduces them to a heroine and hero they will take to their hearts.

A nation born of angels, vast and intricate and surrounded by danger... a woman born to servitude, unknowingly given access to the secrets of the realm... Born with a scarlet mote in her left eye, Phédre nó Delaunay is sold into indentured servitude as a child. When her bond is purchased by an enigmatic nobleman, she is trained in history, theology, politics, foreign languages, the arts of pleasure. And above all, the ability to observe, remember, and analyze. Exquisite courtesan, talented spy... and unlikely heroine. But when Phédre stumbles upon a plot that threatens her homeland, Terre d'Ange, she has no choice. Betrayed into captivity in the barbarous northland of Skaldia and accompanied only by a disdainful young warrior-priest, Phédre makes a harrowing escape and an even more harrowing journey to return to her people and deliver a warning of the impending invasion. And that proves only the first step in a quest that will take her to the edge of despair and beyond. Phédre nó Delaunay is the woman who holds the keys to her realm's deadly secrets, and whose courage will decide the very future of her world. Not since Dune has there been an epic on the scale of Kushiel's Dart—a massive tale about the violent death of an old age and the birth of a new. It is a novel of grandeur, luxuriance, sacrifice, betrayal, and deeply laid conspiracies. A world of cunning poets, deadly courtiers, deposed rulers and a besieged Queen, a warrior-priest, the Prince of Travelers, barbarian warlords, heroic traitors, and a truly Machiavellian villainess... all seen through the unflinching eyes of an unforgettable heroine. "No series since George R.R. Martin's A Song of Ice and Fire has quite captured both palace intrigue and the way that tribal infighting and war hurt the vulnerable the most." —Paste Magazine The final chapter in the bestselling, critically acclaimed Daevabad Trilogy, in which a con-woman and an idealistic djinn prince join forces to save a magical kingdom from a devastating civil war. Daevabad has fallen. After a brutal conquest stripped the city of its magic, Nahid leader Banu Manizheh and her resurrected commander, Dara, must try to repair their fraying alliance and stabilize a fractious, warring people. But the bloodletting and loss of his beloved Nahri have unleashed the worst demons of Dara's dark past. To vanquish them, he must face some ugly truths about his history and put himself at the mercy of those he once considered enemies. Having narrowly escaped their murderous families and Daevabad's deadly politics, Nahri and Ali, now safe in Cairo, face difficult choices of their own. While Nahri finds peace in the old rhythms and familiar comforts of her human home, she is haunted by the knowledge that the loved ones she left behind and the people who considered her a savior are at the mercy of a new tyrant. Ali, too, cannot help but look back, and is determined to return to rescue his city and the family that remains. Seeking support in his mother's homeland, he discovers that his connection to the marid goes far deeper than expected and threatens not only his relationship with Nahri, but his very faith. As peace grows more elusive and old players return, Nahri, Ali, and Dara come to understand that in order to remake the world, they may need to fight those they once loved . . . and take a stand for those they once hurt.
