A visual history of one of Marvel's major brands: The Avengers. The book will trace the evolution of Thor, Iron Man, the Hulk and Captain America from comic book issue No. 1 in 1963, through their incarnations in film, animation and merchandise, to their current blockbuster status. As with Alien Vault and Terminator Vault it will feature rare and unseen artwork, and 10 pieces of removable memorabilia for fans to remove and examine. Published ahead of the second Avengers movie (which goes on general release in Summer 2015) the book will be a deluxe, official gift for film and comics fans alike.

Most people might, understandably, predict that the world 's first porn star was a woman, but they would be wrong. John Curtis Holmes was just a simple country boy from Ohio when he moved to California in 1964. It was the infancy of hardcore, so in Holmes' wildest dreams, he could not have predicted the turbulent ride on which he had embarked by publicizing his private parts. With the fame he achieved by playing his most famous character - a gun toting detective named Johnny Wadd - came money. Holmes was pleased to spend it on his wife and mistresses, but soon was in over his head after he became addicted to cocaine. Unfortunately for Holmes, in the years that followed, his addiction led him into several desperate choices - including setting up a robbery at the home of Ed Nash, a powerful L.A. nightclub owner. The robbery resulted in one of the most gruesome, unsolved, multiple-murders in Hollywood history. Amazingly, before his untimely death in 1988, Holmes regained his momentum, remarried and rebuilt his life and career. However, the grave consequences of his addiction, his association with the Wonderland murders, and his AIDS-related death made him an infamous figure in pop culture. Digging past the stigmas, John Holmes: A Life Measured in Inches - the first biography about John C. Holmes - unearths the human being behind the penis and proves that there was more to him than could be measured in inches. This biography includes material from the authors' new interviews with: Laurie Holmes, Bill Amerson, Bob Chinn, Julia St. Vincent, Detective Frank Tomlinson, Paul Thomas, Ron Jeremy, Seka, Marilyn Chambers, Candida Royalle, Rhonda Jo Petty, Dr. Sharon Mitchell, Bill Margold, and many others! John Holmes: A Life Measured in Inches also includes 114 reviews of John's most notable feature films, 86 loops synopses, 3 photos sections with rare nudes, and a 21 page comprehensive filmography. "The tree of life represents the roots of man. The branches are the different directions a man can take, live or exist. When you're dead, those that you leave behind will put you in a part of that tree. It represents what was, what is and what will be. It's eternal." -- John Holmes

Marko Djurdjevic burst onto the scene from obscurity, a passionate artist sharing his work online. The quality of his illustrations needed no explanation beyond that which was obvious at first glance: the sleekly stylized figure work, his masterful command of colors, and the layers and subtext that formed an essential part of his vision. It was a short trip from anonymity to his current status as one of Marvel's most compelling cover artists. This lush art book features a treasure trove of Marko's cover illustrations - plus sketches, designs, and extensive discussion about the process that has made him one of Marvel's most popular artists. In collaboration with the artist himself, and with input from his peers, The Art of Marko Djurdjevic is the kind of deluxe art book you'll be proud to show off to friends and fellow art fans.

Marvel's super-sized "Adamantium Collection"-style format continues, shining a well-deserved spotlight on a true Marvel classic! Within the Marvel Universe, heroes soar high in the skies, ready to battle the villains who threaten their world. Yet living in the shadow of these extraordinary icons are ordinary men and women, who view the "Marvels" with a mixture of fear, disbelief, envy and admiration. Among them is Phil Sheldon, a New York City photojournalist who dedicates his career to covering the exploits of the Marvels and their effect on humankind. A richly painted historical overview of the entire Marvel Universe, Marvels spans the 1939 debut of the Human Torch to the fearsome coming of the world-devouring Galactus, culminating in the shocking death of Gwen Stacy, Spider-Man's first love. Plus: an extensive and gorgeous Alex Ross art gallery! COLLECTING: MARVELS 0-4
