The object of this book is to provide a running commentary on the Book of Revelation, elucidating its meaning. Other introductory and technical considerations are subordinated to this main quest. Though a scholarly work, it is written in a manner free from technicalities so as to make it useful to the general reader. It was written with the hope that a simple treatise on Revelation's meaning would help clergy and others who often have to deal with people who take it in a false and literal sense. When the Revelation was originally written it was naturally accepted as an account of current events and of events shortly to come to pass; that is how it describes itself (Rev 1:1, 3; 22:6, 10), and that is how it was naturally taken. Unfortunately, the key to its meaning was soon lost, and its mystical symbolism was taken as literal description. When it reflects events of history, it is current events that it reflects. The Revelation represents great principles working themselves out in actual history. The book is a literary unity stamped throughout by the mark of a great genius. It is one of the loftiest mystical

The Book of Revelation is a work of profound theology. But its literary form makes it impenetrable to many modern readers and open to all kinds of misinterpretations. Richard Bauckham explains how the book's imagery conveyed meaning in its original context and how the book's theology is inseparable from its literary structure and composition. Revelation is seen to offer not an esoteric and encoded forecast of historical events but rather a theocentric vision of the coming of God's universal kingdom, contextualised in the late first-century world dominated by Roman power and ideology.
