If you're somebody like Shelby Chappelle, a smart, witty, pretty geek army of one, you can't just put a poster up at school and advertise for somebody to be your best friend. But now freakishly tall Becca Gallagher has moved to town, with her dragon tattoo and wild ideas. Suddenly Shelby's madscientist father and their robot, Euphoria, seem normal. They become best friends instantly. But Becca wants to shake things up at school and look for "others of our kind"...and decides to form the Queen Geek Social Club. The thing is, this guy Fletcher Berkowitz keeps nosing around, asking lots of questions about the Club. He's cute, and interesting, and possibly likes Shelby. Therefore, she must torture him. One good thing about being a loner: no one can break your heart.

Shelby Chapelle was a loner whose ideal night involved old sci-fi flicks and chocolate. But last year, she met the tall, tattooed Becca Gallagher and her life changed. Together with art-goth poet Amber Fellerman and number-obsessed Elisa Crunch, they formed the Queen Geek Social Club and set out to find others of their kind. First rule of the Queen Geeks: never let guys get in the way. This year, Becca has big plans for the Queen Geeks. She thinks working on the club's website and planning Geekfest (a talent show of geek-tastic proportions) should be Shelby's number one priority. Guys have always been strictly secondary to the goal of spreading geekiness to every corner of Green Pines High School...and then the world! But sophomore year heats up when Shelby is swept off her feet by the karaoke stylings of a guy named Fletcher. And then Becca and Amber fall for the same guy, which results in a cursed love triangle. (Or a doomed love rhombus, if you count Shelby and Fletcher.) The going can get tough when Queen Geeks fall in love, but Shelby knows that being true to your inner geek is the most important thing. That, plus peace, love, and chocolate.

The Queen Geeks take on the prom queens in the third of the Queen Geek novels, hailed as "thoroughly enjoyable." (Kliatt) The Queen Geek Social Club includes a first generation geek, a tattooed misfit, a goth poetess, a mathlete, and an exchange student. And together they're so out, they're almost in It's prom season, and Green Pines High is split between those who can afford the tickets and those who can't. So the Queen Geeks plan a low-cost Geek Prom. It'll be loads of work, especially when the popular kids do everything they can to stop it. Friendships will be tested and boyfriends jilted. But when they expand the Geek Prom, hoping to make this the biggest prom on record, the girls will realize they're fighting for geeks everywhere.

In the Queen Geek Social Club, boys have always been strictly secondary to the goal of spreading "geekiness" to every corner of Green Pines High School, until sophomore Shelby is swept off her feet by the karaoke stylings of a boy named Fletcher, and Becca and Amber fall

for an artistic computer genius.

When self-proclaimed "queen geek" Becca decides there should be an alternative to the prom at her San Diego high school, her best friend Shelby cannot decide whether to support her friends or to go with her boyfriend to the traditional prom.

In a society where "perpendiculars," opposite-sex couples, are forbidden, persecuted, freakish...Chris Bryant, a preacher's son, finds himself in love...with a girl. Chris has always been faithful to his Anglicant religion – even though he's never felt like everyone else, never felt...parallel. And then it happens: he meets her. Carmen. Daughter of one of the leading Perpendicular prosecutors...the girl he knows he can't live without. Carmen has always thought the treatment of Perps is barbaric – but to actually be one? To fall in love with Chris and openly admit to it is suicide. Their only chance to be together is the Underground, a secret society Chris's sister introduces him to that is determined to mount an attack against the social restrictions of the Anglicant church. They want to make an example of Chris and Carmen, two Perps from high social families, to become the catalyst for an uprising that will threaten the traditions of their society's families and church. But the cost of involvement just might be death for them both.

Everybody loves KJ. Especially the geeks. See, KJ Miller is super nice, smart, pretty, the stage manager of her high school's spring musical . . . and a total geek magnet. She's like the geek pied piper of Washington High, drawing every socially clueless guy in a five-mile radius. If only Cameron, the hottest guy in school, would follow her around and worship her the way her entourage of dorks do. Enter Tama Gold, queen of the popular crowd, and solution to all of KJ's problems. KJ is too nice, and the nice girl never gets the guy. Tama's ready to help KJ get cruel, ditch the dorks, and win Cameron's heart. But is KJ?

"Lots of narrative pull?wonderfully complicated."-Jincy Willett, author of *The Writing Class*, and anthologized by David Sedaris in *Children Playing Before a Statue of Hercules*. Anna Colin Beck knows all too well what can happen when things go wrong-really wrong. So, she's spent the last several years living an extremely regimented life at home, doing everything she can to avoid subjecting herself to the torments of a germ-infested world. Everything must be just so, and when things don't go to plan, she punishes her own body?and that still hasn't helped alleviate her pain. After a chance meeting in a laundromat, she finds herself completely infatuated with another person, something that hasn't happened to her in a long time. Dr. Edward Denture is seemingly brilliant and magnetic?and in the blink of an eye, she's attending intense somatic therapy sessions as his newest client. The more he draws from her, the further their relationship grows, until it's crossed countless lines and consumed Anna with a fierce toxicity. And before she knows it, she finds herself buckled into the driver's seat of a powder-blue El Dorado for a solo cross-country road trip, determined to stop his wedding. It's a trip that will test every limitation she's ever set for herself, and though she's planned extensively for all contingencies, there are some twists and turns you just can't prepare for. With wry observations on the intersection of luck, fate, and life, *Anna Incognito* is a searing, darkly witty exploration of what it means to be alive.

"Comic book superheroes, fantasy kingdoms, and futuristic starships have become inescapable features of today's pop-culture landscape, and the people we used to deride as "nerds" or "geeks" have ridden their popularity and visibility to mainstream recognition. It seems it's finally hip to be square. Yet these conventionalized representations of geek culture typically ignore the real people who have invested time and resources to make it

what it is. *Getting a Life* recentres our understanding of geek culture on the everyday lives of its participants, drawing on fieldwork in comic book shops, game stores, and conventions, including in-depth interviews with ordinary members of the overlapping communities of fans and enthusiasts. Benjamin Woo shows how geek culture is a set of interconnected social practices that are associated with popular media. He argues that typical depictions of mass-mediated entertainment as something that isolates and pacifies its audiences are flawed because they do not account for the conversations, relationships, communities, and identities that are created by engaging with the products of mass culture. *Getting a Life* combines engaging interview material with lucid interpretation and a clear, interdisciplinary framework. The volume is both an accessible introduction to this contemporary subculture and an exploration of the ethical possibilities of a life lived with media.
