The Strange Case of Dr. Jekyll and Mr. Hyde, by Robert Louis Stevenson, is a novella published in the 1880s that deals with the duality of human nature. The story is told from the point of view of Mr. Gabriel John Utterson. Utterson is a lawyer and friend of Dr. Jekyll's.

The Strange Case of Dr. Jekyll and Mr. Hyde Summary ...

Robert Louis Stevenson's novella The Strange Case of Dr. Jekyll and Mr. Hyde is at once a sharply conceived allegory about the psychological costs of living the respectable life and a thrilling page-turner as compelling as anything written by such modern masters of horror as Clive Barker and Stephen King. Published in January 1886, Stevenson's story quickly became a best-seller on both sides of the Atlantic.

The classic story of the gentle doctor whose experiment transforms him into a hideous monster at night is accompanied by notes and illustrations placing the story in the context of its era.

In this graphic retelling, scientist Dr. Henry Jekyll develops a potion to separate his good and dark natures--but soon his evil mind takes over and becomes the murderous fiend, Mr. Hyde.

The Strange Case of Dr. Jekyll and Mr. Hyde is about a London lawyer named Gabriel John Utterson who investigates strange occurrences between his old friend, Dr. Henry Jekyll, and the evil Edward Hyde. There are two personalities within Dr. Jekyll, one apparently good and the other evil; completely opposite levels of morality. The novel's impact is such that it has become a part of the language, with the very phrase "Jekyll and Hyde" coming to mean a person who is vastly different in moral character from one situation to the next. 'The Strange Case of Dr. Jekyll and Mr. Hyde' is a thrilling Gothic horror novel. John Utterson, a prosecutor, is on his weekly walk with his relative, who proceeds to tell him of an encounter with a man he had seen some months ago while coming home late at night from Cavendish Place. The tale describes a sinister figure named Edward Hyde who tramples a young girl, disappears into a door on the street, and re-emerges to pay off her relatives with 10 pounds in gold and a cheque signed by respectable gentleman Dr. Henry Jekyll (a client and friend of Utterson's) for 90 pounds. Jekyll had recently and suddenly changed his will to make Hyde the sole beneficiary. This development concerns and disturbs Utterson, who makes an effort to seek out Hyde. Utterson fears that Hyde is blackmailing Jekyll for his money. Upon finally managing to encounter Hyde, Hyde's ugliness, as if deformed, amazes Utterson. Although Utterson cannot say exactly how or why, Hyde provokes an instinctive feeling of revulsion in him. Much to Utterson's surprise, Hyde willingly offers Utterson his address. After one of Jekyll's dinner parties, Utterson stays behind to discuss the matter of Hyde with Jekyll. Utterson notices Jekyll turning pale, yet he assures Utterson that everything involving Hyde is in order and that he is to be left alone.

A London physician leads a double life when he discovers a drug that alters his appearance and disposition.

Everyone has a dark side. Dr Jekyll has discovered the ultimate drug. A chemical that can turn him into something else. Suddenly, he can unleash his deepest cruelties in the guise of the sinister Hyde. Transforming himself at will, he roams the streets of fog-bound London as his monstrous alter-ego. It seems he is master of his fate. It seems he is in complete control. But soon he will discover that his double life comes at a hideous price...

Following their acclaimed graphic novel version of 'Kidnapped', Alan Grant and Cam Kennedy turn their attention to another Stevenson story. John Utterson notices that his friend, Dr Henry Jekyll, has been acting very strangely. As he investigates, Utterson uncovers a terrifying and horrific story.

In Robert Louis Stevenson's influential novel of mad science and criminal inquiry, attorney Gabriel John Utterson comes to the aid of Dr. Henry Jekyll, an old friend, only to find himself dragged from a world of genial hospitality into London's foreboding night, which is shrouded in shadows and fog and stalked by the deranged Edward Hyde. Utterson's quest for truth is not only a detective story laden with twists, but an intense meditation on man's inherently dualistic nature, written in a style that often combines disturbing violence with restrained language typical of the Victorian era.

Dr. Jekyll invents a drug that changes him into Mr. Hyde, a foul-tempered, uncouth degenerate. His evil nature, however, becomes the stronger part of him and, to his horror, he no longer needs the formula to transform his appearance.

A fascinating and enthralling thriller, *The Strange Case of Dr Jekyll and Mr Hyde* is by far the most intriguing story of a dual personality. The book starts with the character sketch of the good Dr Jekyll, a Victorian gentleman and a man of science, who makes out a will, that were he to disappear or die, his fortune would go to a Mr Edward Hyde. From there on, you are gripped by a story so well crafted and so engaging that you can't let go till the very end. Dr Jekyll faces terrifying consequences when he empowers his dark side to run wild, using a potion he has created, which changes him into the repulsive and debased Mr Hyde. *The Strange Case of Dr. Jekyll and Mr. Hyde* centres upon the inception of humanity as dual in nature. The story of these two conflicting personalities, within one man, continues to shock readers with its chilling, realistic narrative that traces Dr. Jekyll's desperation as Mr Hyde gains control of his soul. The entire story somehow brings us face to face with the man in the mirror, looking for that dark side lurking within each of us, and pushing us to choose the goodness instead, which abides within us all.
