Trees such as Prunus sp, which are prone to silver leaf disease are best pruned from April to July when the disease spores are not on the wind, and the tree sap is rising rather than falling (which pushes out infection rather than drawing it in). Some trees can bleed sap if pruned in late winter and early spring.

By pruning in summer, you can reap the rewards of better displays from ornamental plants. You'll also encourage bigger crops from fruit trees and bushes. Removing new summer growth before it turns woody reduces growth-promoting nitrogen, allowing potassium to build up - and more potassium means more flowers and fruit. You'll also keep plants, such as shrubs, climbers and rambling roses ...

*What to Prune in Summer - BBC Gardeners' World Magazine*

Trees in the Summer Introduction: Fighting the Sun In the three months from June to August, the forest experiences a period of wild growth. Some trees, such as young quaking aspens, can grow as fast as corn at a rate of two centimetres a day.

These fruits are all plants from the genus Prunus and are best pruned lightly in the summer. Summer pruning encourages your tree to produce higher fruit crops and stops your trees becoming too big. When: ideally in spring and summer, either before or after flowering.

*When to prune apple and other fruit trees - Woodland Trust*

For a few shrubs or trees, you can dig single holes; it will be easier to dig a trench if you are planting a hedge or row of plants. You can mix well rotted manure or compost into the soil before planting. Dig your hole a bit too deep, mix the organic matter well into the bottom and firm the area down so it does not settle later.

*Planting in Summer - Advice | Ashridge Trees*

The Summer Tree, the first book in the trilogy, begins the story very nicely and draws the reader into the deep magic of Fionavar. The part of the story with Paul hanging on the Summer Tree was very beautifully written, and at many points reached the magestic feeling of an ancient myth or legend. I would highly recommend The Fionavar Tapestry to anyone who enjoys epic fantasy with powerful ...

Trees That Benefit From Summer Pruning There are the few species that should be pruned in the mid-summer months such as Maple, Birch, and Walnut trees. When you prune limbs on these trees they will typically ooze sap, so you want to do your pruning during the season when they have less sap flowing.

The first volume in Guy Gavriel Kay's stunning fantasy masterwork, now reissued with the beautiful original cover art by Martin Springett. Five men and women find themselves flung into the magical land of Fionavar, First of all Worlds. They have been called there by the mage Loren Silvercloak, and

Chronicles the adventures of five young men and women who become caught up in an epochal battle between the forces of good and evil

In the first volume of Guy Gavriel Kay's classic trilogy The Fionavar Tapestry, five Toronto university students encounter a man who will change their lives, taking them from our world to discover their roles in an epic war looming in the first of all the worlds: Fionavar.

Five young people find themselves flung into the magical land of Fionavar, First of All Worlds, there to play their part in the vast battle against the forces of evil led by the fallen god Rakoth Maugrim and his dark hordes.

Five university students--Kimberly, Dave, Jennifer, Kevin, and Paul--meet a wizard who takes them to the heart of all worlds, Fionavar, where they discover who they were truly meant to be. Reprint.

In the first volume of Guy Gavriel Kay's classic trilogy The Fionavar Tapestry, five Toronto university students encounter a man who will change their lives, taking them from our world to discover their roles in an epic war looming in the first of all the worlds: Fionavar.

In the second novel of Kay's critically acclaimed trilogy, Fionavar is locked in an unnaturally prolonged winter while an ancient evil, freed from captivity, threatens the destiny of the first world and all others, including our own.

Five men and women from our world face a battle with an evil beyond imagining in the deeply moving conclusion to Guy Gavriel Kay's acclaimed Fionavar Tapestry. As the Unraveller's armies assemble, those resisting him must call upon the most ancient of powers, knowing that if this realm of gods and magic is conquered by evil, the ripples of destruction will be felt across all worlds. But despite the sacrifices made and courage shown, all may be undone because of one child's choice. For that one has been born of both Darkness and Light, and he alone must walk the darkest road as the fate of worlds hangs in the balance...

For children.

Before Guy Gavriel Kay became known for his groundbreaking works of speculative fiction, establishing himself as one of the world's most respected writers in that genre, he was an accomplished poet, his work appearing in major literary journals such as The Antigonish Review and Prism. Through the years, while writing his dramatic international bestsellers, Kay has continued to quietly explore the paths and boundaries of poetry as well. Now for the first time, Guy Gavriel Kay's poetry has been gathered and selected for publication. For those familiar with his fiction, the poems in Beyond This Dark House will resonate for their linguistic and emotional nuances and their mythological allusions, echoing and illuminating themes of his fiction. But readers of contemporary poetry will also be captivated by the exquisite craft and power of these poems. Some are ironic and austere, slyly tracing the interplay of writer and world, present and past; others are sensual, even erotic, charting the mercurial but abiding nature of passion-in love, in language, in history.
