There have been many great and enduring works of literature by Caribbean authors over the last century. The Caribbean Contemporary Classics collection celebrates these deep and vibrant stories, overflowing with life and acute observations about society. This luminous book recounted through the eyes of the 12-year-old Francis, describes the year he spends, far away from home, in San Fernando. As his initial confusion gives way to increasing confidence and maturity, the open consciousness of the boy allows different times, events and places to co-exist. Over the course of one year, through Francis' eyes, we see the cycle of natural change and progression; the daily round of the market, showing the fruits of different seasons, the passage of dry season to rainy and back again to dry, the cane fires as the crop comes to an end, all symbolising the progression of the boy's year. And weaving in and amongst these mundane but intense experiences Francis feels his way to some understanding of adulthood.

Fifteen-year-old Shell tells his story directly and we see things through his eyes - his confused feelings first for Rosalie, and then for Joan, his distress about the illness and death of his father, and his admiration tempered by fear of Mr Gidharee, Rosalie's father. This iconic, universal 'coming of age' novel conveys the confusion of a teenager growing to maturity, and the difficult choices that have to be made. Shell is gradually led out of childhood and into a deeper understanding of the human condition. Suitable for readers aged 14 and above.

These stories are told with the freshness and directness one has come to expect of Michael Anthony.
