There is more to life than merely being, even in this very moment, even if it's all we are certain to have. There is more to life than this.

Blending together personal stories, anecdotes, and client readings, the star of TLC's "Long Island Medium" shares her world and her gift of communicating with those who have crossed over to the other side.

For fans of TLC's Long Island Medium and anyone interested in the big questions of life, death, and finding out what's important in between, New York Times bestselling author and medium Theresa Caputo shares how she discovered her gift and her many encounters with Spirit. Beloved medium Theresa Caputo, star of the hit television show Long Island Medium, opens the door to her world and invites you to experience her exceptional gift of communicating with those who've crossed over to the Other Side. The always funny, frank, and down-to-earth medium/whether she's talking to her family, the local butcher, or the souls of those who've passed on/began communicating with Spirit at the age of four, but didn't fully accept her gift until she was thirty-three years old. She had a good life as a busy wife and working mom, but also suffered from chronic anxiety that, as it turned out, came from ignoring her abilities. Once Theresa began channeling, she realized that she felt much better after delivering a message from Spirit and releasing that energy. Since then she' s used her extraordinary gift to help people heal from the loss of their loved ones. Theresa feels that it's her purpose to make us all aware that there is more to life than what we see here in the physical world. She wants you to know that your deceased loved ones are safe and at peace, and that they're now with you in a different way/watching over you, loving you, and assisting you from the Other Side. She also wants you to realize that the unexplainable things you sense and feel from these souls are real, and that it's healthy and essential to acknowledge them. There's More to Life Than This Lends insight on how Theresa's mediumship works, what happens to your soul when you die, what Spirit says Heaven is like, what the deceased want you to know, the importance of living a positive life, and the many roles that your family, friends, angels, guides, souls of faith, and God play here and in the afterlife. It also explores how to safely connect with Spirit, so that you can recognize when your loved ones are reaching out. Through Theresa's personal story, compelling anecdotes, and fascinating client readings, she teaches us about how she communicates with Spirit and helps us to understand and appreciate the important lessons and touching messages that we're meant to embrace every day.

A significant life has positive meaning and value beyond individual success. It means contributing to the lives of others and showing compassion. In this book, Jack McDowell shares the six keys to a life of significance: Find your calling, learn from your experiences, acquire habits that build character, discover the joy of generosity, build relationships for life, and don't retire. Each chapter contains specific actions that will help readers master the six essentials. These steps are the harvest of Jack's own experiences and they are, he says, "the gifts of a providential God to this seeker after a life with deeper and more lasting meaning." Giving is man's God-ordained purpose. This book will provide encouragement and resources for the journey to a more significant life. It is a personal invitation to discover that there is far more to life than just making a living.

When you're working in the fast lane, it's easy to keep your eye trained on personal performance, profitable deals, and every rung of the corporate ladder. But what happens when your climb to success leads to a dead end? When the coveted office with the prime view and corporate board access not only overpowers everything else that's meaningful but sabotages your ability to target new opportunities? There's More to Life Than the Corner Office tells the story of Patrick Mitchell, a young, up-and-coming dealmaker with energy and ideas to burn. Patrick is powered by his desire to stake a claim in his own corner office, until a fateful encounter with business icon Al Crafton changes his life. With a remarkable blend of intelligence, creativity, and patience, the older executive walks him through a set of lessons that forces Patrick to examine his life, his failing marriage, and his career choices(and to see new paths to true fulfillment and unique business prospects. There's More to Life Than the Corner Office will show you how to: Get back in the driver's seat: Don't let the status quo direct your career path/only you can tap into the opportunities that can lead to real growth Beware of target fixation: When all your energy is focused on one goal, you can lose sight of obstacles that can sabotage your success Embrace every opportunity: A balanced, well-rounded life leads to a more objective world view, which can show you new avenues of productivity you'd otherwise miss Packed with insightful wisdom and solid methodologies, There's More to Life Than the Corner Office will help you plot your own path to spiritual, physical, mental, and career success. Because when you begin the quest for true fulfillment, you'll be primed to make the most of every moment, every encounter, and every opportunity that comes your way.

Bjork is the most successful radical rock experimentalist of her generation. Contrary, inimitable, and gloriously her own, she has awed her famously dedicated fans for more than a decade with a swooping, querulous voice that has been likened to a glass not quite breaking. Bursting onto the Icelandic musical scene with a precocious album at the age of 11 and a series of releases in the 1980s that notably include her work with the Sugar Cubes, Bjork soon found herself gaining international renown as she released the jazzy Gling-Glo and her breakout solo album Debut. Since then the superstar wordsmith has continued to produce idiosyncratic, well-received works. In 1995 Bjork combined hit-making tunes with her maverick sounds to produce Post, and then after working with an army of collaborators, Telegram. Two years later, Homogenic took listeners on a compelling journey through the outer reaches of electronica. Again abruptly switching directions, Bjork starred as a blind mother in the critically acclaimed Dancer in the Dark, producing the renowned Selmasongs soundtrack. Returning to explorations of herself the next year, she produced Vespertine, an intimate and sensual fan favorite that continues to sell well. Drawing on years of experience covering Bjork and her industry, music journalist Ian Gittins explores and celebrates the creative processes and motivations behind her amazing career and musical history. With 70 color and black-and-white photographs, Bjork is a must-have for her legions of devoted fans.

In a culture obsessed with happiness, this wise, stirring book points the way toward a richer, more satisfying life. Too many of us believe that the search for meaning is an esoteric pursuit that you have to travel to a distant monastery or page through dusty volumes to discover life's secrets. The truth is, there are untapped sources of meaning all around us/right here, right now. To explore how we can craft lives of meaning, Emily Esfahani Smith synthesizes a kaleidoscopic array of sources/from psychologists, sociologists, philosophers, and neuroscientists to figures in literature and history such as George Eliot, Viktor Frankl, Aristotle, and the Buddha. Drawing on this research, Smith shows us how cultivating connections to others, identifying and working toward a purpose, telling stories about our place in the world, and seeking out mystery can immeasurably deepen our lives. To bring what she calls the four pillars of meaning to life, Smith visits a tight-knit fishing village in the Chesapeake Bay, stargazes in West Texas, attends a dinner where young people gather to share their experiences of profound loss, and more. She also introduces us to compelling seekers of meaning/from the drug kingpin who finds his purpose in helping people get fit to the artist who draws on her Hindu upbringing to create arresting photographs. And she explores how we might begin to build a culture that leaves space for introspection and awe, cultivates a sense of community, and imbues our lives with meaning. Inspiring and story-driven, The Power of Meaning will strike a profound chord in anyone seeking a life that matters.

When her mother passed away, author Heta Pandit found herself the owner of four historic houses. All of Pandit's conversations revolve around her four houses: their upkeep, their leaking roofs, their Minton floors, their refurbishments, their stories, and the spirits that inhabit them. In Theres more to Life than a House in Goa, she offers a personal history of the houses she owns in Mumbai, Panchgani, and Goa in India. Interwoven with the stories of several generations, this memoir is not just about houses, but it also shares a capsule on social history at a micro level. It provides a reflection of the eccentricities and quirks of the extraordinary community of Parsis, immigrants from Iran, and their adaptation to the social and cultural customs in the land of their adoption. Theres more to Life than a House in Goa talks about personal history and recalls family values, remembering the way things were. After all, the stories of the houses are also the stories of the people who inhabit them.

Have you ever asked yourself any of the following questions: Why are we here on earth? Is there really a Supreme Being who created the universe? When we die, do we rot in a grave or is there a heaven? If there is a heaven, how can we communicate with loved ones who've already crossed over? Are we the only life created by God or are there others like us? Have you ever wondered how the supernatural perceptions of psychics, mediums, and channels relate to God? Expect some surprises when reading Is There More To Life Than What We Know? Remember to keep an open mind - you might find yourself getting answers to some of those "what if" questions, although not necessarily the answers you were expecting. For all us who have ever looked into the night sky and wondered if there is more to life than what we know - this book is a must-read!

"Traditionally, scientists have emphasized what they call the first and second natures of personality--genes and culture, respectively. But today the field of personality science has moved well beyond the nature vs. nurture debate. In Who Are You, Really? Dr. Brian Little presents a distinctive view of how personality shapes our lives--and why this matters. Little makes the case for a third nature to the human condition--the pursuit of personal projects, idealistic dreams, and creative ventures that shape both people's lives and their personalities. Little uncovers what personality science has been discovering about the role of personal projects, revealing how this new concept can help people better understand themselves and shape their lives" -- provided by publisher.

The story of Buzz Bee, who begins to wonder why everyone in the hive is rushing around, serves as a fable of spiritual enlightenment.
