In researching the Tiger King true story, we discovered that the documentary likely got its figure from the World Wildlife Fund (WWF), which has stated that it believes there are as many as 10,000 tigers living in captivity in America, while an estimated 3,900 remain in the wild. It should also be noted that the media often massively exaggerates the number of tigers in America, while academic estimates place the number much lower.

It's December 1997 and a man-eating tiger is on the prowl outside a remote village in Russia's Far East. The tiger isn't just killing people, it's annihilating them, and a team of men and their dogs must hunt it on foot through the forest in the brutal cold. To their horrified astonishment it emerges that the attacks are not random: the tiger is engaged in a vendetta. Injured and starving, it must be found before it strikes again, and the story becomes a battle for survival between the two main characters: Yuri Trush, the lead tracker, and the tiger itself. As John Vaillant vividly recreates the extraordinary events of that winter, he also gives us an unforgettable portrait of a spectacularly beautiful region where plants and animals exist that are found nowhere else on earth, and where the once great Siberian Tiger - the largest of its species, which can weigh over 600 lbs at more than 10 feet long - ranges daily over vast territories of forest and mountain, its numbers diminished to a fraction of what they once were. We meet the native tribes who for centuries have worshipped and lived alongside tigers - even sharing their kills with them - in a natural balance. We witness the first arrival of settlers, soldiers and hunters in the tiger's territory in the 19th century and 20th century, many fleeing Stalinism. And we come to know the Russians of today - such as the poacher Vladimir Markov - who, crushed by poverty, have turned to poaching for the corrupt, high-paying Chinese markets. Throughout we encounter surprising theories of how humans and tigers may have evolved to coexist, how we may have developed as scavengers rather than hunters and how early Homo sapiens may have once fit seamlessly into the tiger's ecosystem. Above all, we come to understand the endangered Siberian tiger, a highly intelligent super-predator, and the grave threat it faces as logging and poaching reduce its habitat and numbers - and force it to turn at bay. Beautifully written and deeply informative, *The Tiger* is a gripping tale of man and nature in collision, that leads inexorably to a final showdown in a clearing deep in the Siberian forest.

A Washington Post Notable Nonfiction Book for 2011 A Globe and Mail Best Books of the Year 2011 Title *Tiger, Tiger* is a Publishers Weekly Best Nonfiction title for 2011 A Kirkus Reviews Best Nonfiction of 2011 title One summer day, Margaux Fragoso meets Peter Curran at the neighborhood swimming pool, and they begin to play. She is seven; he is fifty-one. When Peter invites her and her mother to his house, the little girl finds a child's paradise of exotic pets and an elaborate backyard garden. Her mother, beset by mental illness and overwhelmed by caring for Margaux, is grateful for the attention Peter lavishes on her, and he creates an imaginative universe for her, much as Lewis Carroll did for his real-life Alice. In time, he insidiously takes on the role of Margaux's playmate, father, and lover. Charming and manipulative, Peter burrows into every aspect of Margaux's life and transforms her from a child fizzing with imagination and affection into a brainwashed young woman on the verge of suicide. But when she is twenty-two, it is Peter—ill, and wracked with guilt—who kills himself, at the age of sixty-six. Told with lyricism, depth, and mesmerizing clarity, *Tiger, Tiger* vividly illustrates the healing power of memory and disclosure. This extraordinary memoir is an unprecedented glimpse into the psyche of a young girl in free fall and conveys to readers—including parents and survivors of abuse—just how completely a pedophile enchants his victim and binds her to him.

Two tiger cub brothers are torn from the jungle and taken to Rome. The stronger cub is trained as a killer at the Coliseum. Emperor Caesar makes a gift of the smaller cub to his beautiful daughter, Aurelia. She adores her cub, Boots. Julius, a young animal keeper, teaches Aurelia how to earn Boots's trust. Boots is pampered while his brother, known as Brute, lives in the cold and darkness, let out only to kill. Caesar trusts Julius to watch Aurelia and her prized pet. But when a prank backfires, Boots temporarily escapes and Julius must pay with his life. Thousands watch as Julius is sent unarmed into the arena to face the killer Brute.

At the outset of the Vietnam War, the Army created an experimental fighting unit that became known as "Tiger Force." The Tigers were to be made up of the cream of the crop—the very best and bravest soldiers the American military could offer. They would be given a long leash, allowed to operate in the field with less supervision. Their mission was to seek out enemy compounds and hiding places so that bombing runs could be accurately targeted. They were to go where no troops had gone, to become one with the jungle, to leave themselves behind and get deep inside the enemy's mind. The experiment went terribly wrong. What happened during the seven months Tiger Force descended into the abyss is the stuff of nightmares. Their crimes were uncountable, their madness beyond imagination—so much so that for almost four decades, the story of Tiger Force was covered up under orders that stretched all the way to the White House. Records were scrubbed, documents were destroyed, men were told to say nothing. But one person didn't follow orders. The product of years of investigative reporting, interviews around the world, and the discovery of an astonishing array of classified information, Tiger Force is a masterpiece of journalism. Winners of the Pulitzer Prize for their Tiger Force reporting, Michael Sallah and Mitch Weiss have uncovered the last great secret of the Vietnam War.
