Robin Hemley's childhood made a wedgie of his memory, leaving him sore and embarrassed for over forty years. He was the most pitiful kindergartner, the least spirited summer camper, and dateless for prom. In fact, there's nary an event from his youth that couldn't use improvement. If only he could do them all over a few decades later, with an adult's wisdom, perspective, and giant-like height . . . In the spirit of cult film classics like *Billy Madison* and *Wet Hot American Summer*, in *Do-Over!* Hemley reencounters papier-mâché, revisits his childhood home, and finally attends the prom -- bringing readers the thrill of recapturing a misspent youth and

an island paradise for the shabby squalor of London, and
innocence for corruption. THE SICILIAN - Ricky Delgado

will see what rewards I give.' THE COURTESAN - Elizabeth

in her head, she feels nothing: no pain, no hate, no sorrow, no joy. THE ARTIST - Anis takes to painting as an outlet for his rage. His artist's eye knows his subjects before they know themselves, and he paints them all, a gallery of broken people. Can they escape the deadly web of decadence and sin?

This work studies the literary and socio-discursive contexts of 'the Ananias and Sapphira episode' in Acts as a narrative illustrating the negative-ethos of community goods. This work examines the dynamics of the Ananias and Sapphira episode in Acts and its role in the narrative of Luke-Acts . McCabe locates the passage within its literary context, and emphasizes the manner in which it is embedded in a

discourse on the life of the Christian community expressed through shared goods. Utilizing Speech-Act Theory , McCabe argues that Peter's words, divinely sanctioned, directly execute the divine judgment upon the couple. This is argued by appealing to the social processes and conventions of language-use within the context of a 'community-of-goods' discourse as present in the Lukan narrative. McCabe appeals to the conventions deployed in the narrative world of Luke-Acts which undergird the efficacy of prophetic speech to effect divine judgment, including the patterns established by prophetic figures in the Scriptures of Israel and Luke's own characterization of Jesus as Prophet-King, followed by an examination of Luke's characterization of Peter as an apostolic-prophetic successor to Jesus, deputized to speak

on behalf of God. McCabe concludes by examining the successful execution of the speech-act of divine judgment. This is formerly the Journal for the Study of the New Testament Supplement , a book series that explores the many aspects of New Testament study including historical perspectives, social-scientific and literary theory, and theological, cultural and contextual approaches. The Early Christianity in Context series, a part of JSNTS , examines the birth and development of early Christianity up to the end of the third century CE. The series places Christianity in its social, cultural, political and economic context. European Seminar on Christian Origins and Journal for the Study of the Historical Jesus Supplement are also part of JSNTS .

The authors of this volume explore the challenges of establishing democratic accountability and control over the military and other security establishments in countries which have either been the victims of authoritarian military rule or wracked by violent internal conflict. The book examines both successful democratic transitions and failed ones. A wide range of cases is covered, including Algeria, Bosnia and Herzegovina, Chile, the Congo, Ghana, Nigeria, Sierre Leone, South Africa, Sri Lanka, and Turkey. The possible role of regional interventions and institutions, notably in West Africa and the Balkans, is also examined.

Alone in his room, Jeremy draws a monster. But then the monster wants lunch! As his creation takes over, Jeremy begins to wonder how he will ever get rid of the monstrous nuisance. He entertains his unwanted guest all day, but enough is enough. Jeremy finally draws him a bus ticket out of town! With a sure artistic touch and more than a dose of humor, Peter McCarty cleverly blurs the line between his own drawings and Jeremy's, and in doing so subtly questions the line between reality and imagination.

Fire Dragon Meridian Qigong is a traditional Chinese internal

alchemy method that embodies the spirit of the rising dragon, an auspicious symbol of transformation in Chinese culture. The form works directly on the acupuncture meridians, releasing areas of stagnation and bringing the physical and emotional body into a balanced state of well-being. This Qigong form implements special visualization and breathing techniques in addition to movements that imitate sparks arising from a bonfire and swirling upward like a spiraling dragon. Stoking our 'inner fire' melts away the 'ice', or the areas of blockage and disease, opens our energetic pathways and allows the smooth flow of Qi in our meridians. The Fire Dragon practice follows the traditional internal alchemy process, where Jing (essence) transforms to Qi (vital energy), Qi transforms to Shen (spirit), and Shen returns to

Emptiness. Fire Dragon Meridian Qigong is a key Qigong form for those seeking healing from cancer and other significant health challenges, and is the practice the authors turned to in order to transform the grief over their son's death. The book provides background information and a detailed description of the form itself, illustrated with calligraphy, meridian drawings, and photographs throughout.

Looks at the core concepts of user experience design and offers a variety of activities and exercises for individuals and groups.
