A bold and unabashed guide to finding your voice, harnessing your true desires, and leading the life you really want. Women are tired of worrying that they are being "too loud" if they speak up and say what they believe, want, or need, and are ready to feel their power and make themselves heard. A certified life coach and author of the bestseller How to Stop Feeling Like Shit, Andrea Owen knows that this is absolutely attainable if women can channel their righteous anger and desire. But she also knows that they'll need to disrupt a status quo in which women have been conditioned and socialized to remain on the sidelines and to put others before themselves. With all of the expertise of a veteran feminist and hell-raiser, and the relatability of a dear friend, Make Some Noise will push women to step outside of rigid societal expectations and show them how to take back control of their lives, and make them all their own. In Make Some Noise, Owen deconstructs common behavior patterns that sabotage our power as women, and instead suggests new behaviors for creating a life that truly serves our desires and needs. From unlearning the notion that women should stay quiet and take up little space to trusting your inner wisdom, Make Some Noise is a raw and honest guidebook, and, ultimately, a call to arms.
