fully illustrated book, with around 100 simple, clear and easy to interpret drawings; the book is very accessible to a general audience and does not require any background knowledge in architectural design.

This book about the science of Vastu was written as a simple and clear, yet detailed exposition on the knowledge and basic technical applications for the design of secular Vastu buildings - such as homes and offices. 'Vastu Architecture' provides the reader with a nuts and bolts explanation of how to create a solid structure that is in resonance with Earth, Cosmic and Divine energies. Being a fully illustrated book, with around 100 simple, clear and easy to interpret drawings; the book is very accessible to a general audience and does not require any background knowledge in architectural design. Also included are two complete floor plans that can be tailored for specific individuals in accordance with their birth stars. Many other books about Vastu do not include an explanation of the technical knowledge of Vastu science, and if they do, they often present only a partial, or an altogether incorrect account thereof. This is not the case with 'Vastu Architecture', as its technically rich, yet layman-accessible knowledge base provides the reader with all of the basic requirements to create a Vastu structure, including a very clear chapter on how to use the Ayadi Calculations to get the Sacred Dimensions of a building. This is not however a coffee table book, it is rather a manual for the construction of special havens for the soul.

In this ground-breaking study the traditional Indian science of architecture and house-building, Vastu Vidya, is explored in terms of its secular uses, at the levels of both theory and

contemporary practice. Vastu Vidya is treated as constituting a coherent and complete architectural programme, still of great relevance today. Chakrabarti draws on an impressive amount of textual material, much of it only available in Sanskrit, and presents several extremely valuable illustrations in support of the theories expounded. Each chapter deals with one architectural aspect, and chapters are divided into three sections. For each aspect, the first section explains the prescriptions of the traditional texts; the second section deals with the rather arbitrary use of that aspect by contemporary Indian architects trained in the western manner but striving to relate to Indian roots; while the last section in each chapter explores the selected use of that particular aspect by contemporary Vastu pundits, with their disregard for architectural idiom

In the first book in English on the Hindu precursor to feng shui, readers will learn how to design homes that conform to eternal spiritual principles. Guidelines are also given for modifying existing buildings to promote peace, harmony, and health. 55 illustrations.

Vastu is a beautifully detailed guide to using ancient Indian philosophies in every room. Following India's Vedic tradition, Vastu helps guide people to prosperity and tranquility in life by aligning architectural spaces with the natural world. Included is an informative discussion on the definition, origin, and sacred foundations of Vastu, along with Vastu's use of concentric squares and the elements earth, water, fire, and air in design. Author Sheri Silverman also discusses the power of meditation, organizing, and clearing clutter, aromatherapy, and sacred space. Vastu offers solutions for those building, renovating, or just looking to improve the energy and atmosphere in an existing living space

Feng shui, the ancient Chinese art and science of finding harmony with nature, has become widely adopted in the West. Like Buddhism, which migrated from India eastward, feng shui is recognized by Eastern scholars as having originated not in China but in India, where it is referred to as Vastu Shastra, or the science of architecture. In *Vastu Living*, Kathleen Cox introduces readers to the art, science, and practice of vastu. Cox explains vastu's origins in the Vedas, its relationship to the Hindu gods, its principles and guidelines, and its traditional uses. *Vastu Living* shows readers how to practice vastu at home and in the workplace--from understanding its teachings on room layout and furniture placement to bringing the divine into every dimension of one's environment.

This book contains the most important information that exists in the field of architecture and urban planning. It introduces Vastu building, the world's most ancient and powerful system of construction, which is based on Natural Law. It shows how to build ideal homes, villages and cities that create a coherent and harmonious influence on their citizens, resulting in reduced problems and greater success, health, prosperity, and happiness.

Unveiling the enigmatic mysteries of Vastu that have been hidden for centuries, this book manifests Vastu Shastra in its purest, unsullied and true form. From characteristics and selection of land, sub-terrain faults, auspicious time, planetary position, micro-cell energy, water reservoir, temple construction, entrance and furniture consideration, to other scientific calculations, this book is a whole gamut of Vastu Shastra. This pre-classical Scripture was spoken by Lord Vishwakarma Himself. People from all walks of life can get

transformative methods to make their personal spaces, homes, offices, buildings, gardens more energetic. As Nicola Tesla once quoted, “ If you want to find the secrets of the Universe, think in terms of energy, frequency, and vibration. ” This book has it all, as this comes from the wisdom and lineage of Sages.

“ Vastu Shastra: for a Healthy, Prosperous and Happy life ” is an in-depth study of the ancient Indian Science of Vastu Shastra. This book unearths the various Vastu principles and practices of constructing houses, buildings or workplaces in such a way that there is a harmonious balance between the structure, the nature and the various energies including Cosmic and Electromagnetic forces. This book will help you to:

- Create homes, buildings or any new structure in compliance with Vastu;
- Make your existing homes or flats Vastu compliant including decorating the interiors of the house by ensuring placement of various things as per Vastu;
- Understand ways to help working professionals to make their workplaces Vastu compliant.

This book is a one stop shop as it explains in simple words the various rules and tools for the identification and correction of various Vastu defects. Comparison between Vastu and Feng Shui along with their tools have been explained in simple words for the benefit of the readers. By understanding these principles, the readers will be able to apply Vastu remedies on their own and make their lives stress free, happier, healthier and successful. Though very clearly, we want to strongly iterate that Vastu is not a replacement for hard work, it is just that one ' s hard work and efforts will be fruitful and yield the desired results if one ' s home and workplace are in compliance with Vastu principles.

Cate Bramble has devoted her career to highlighting the differences between 'feng shui-lite' as a fashionable pursuit in contrast to the original intentions of the Chinese masters. Here she presents the authentic principles in a technical, no-nonsense pocket book specifically for architects. As clients become more demanding and the competition for projects heats up, the architect is well advised to have many strings to their bow. This practical guide includes line illustrations that present the principles of feng shui, the Chinese art or practice in which a structure or site is chosen or configured so as to harmonize with the spiritual forces that inhabit it, and their application in architecture through planning principles, services, building elements and materials, in an accessible, easy reference format. The feng shui-savvy architect can also benefit from feng shui's ability to match structures and land, and the peculiar capacity of authentic feng shui to forecast development-related concerns including cost overruns, quality issues - even worker injuries and trade disputes! The author explains feng shui from archaeological sources and evidence of practice in the east, contrasting it with what passes for feng shui in the west. She analyses the practice in terms of such concepts as western systems theory, viewshed, space syntax and the 'pattern landscape' theory of urban planning. For the first time, the Sustainable implications of feng shui design are explained with reference to the latest developments in behavioural and cognitive sciences, evolutionary biology and other western viewpoints.
