Fitzgerald's *Tender is the Night*. When Sara Wiborg and Gerald Murphy met and married, they set forth to create a beautiful world together—one that they couldn't find within the confines of society life in New York City. They packed up their children and moved to the South of France, where they immediately fell in with a group of expats, including Hemingway, Picasso, and Zelda and Scott Fitzgerald. On the coast of Antibes they built Villa America, a fragrant paradise where they invented summer on the Riviera for a group of bohemian artists and writers who became deeply entwined in each other's affairs. There, in their oasis by the sea, the Murphys regaled their guests and their children with flamboyant beach

When a tragic accident brings Owen, a young American aviator who fought in the Great War, to the south of France, he finds himself drawn into this flamboyant circle, and the Murphys find their world irrevocably, unexpectedly transformed. A handsome, private man, Owen intrigues and unsettles the Murphys, testing the strength of their union and encouraging a hidden side of Gerald to emerge. Suddenly a life in which everything has been considered and exquisitely planned becomes

volatile, its safeties breached, the stakes incalculably high. Nothing will remain as it once was. Liza Klausman expertly evokes the 1920s cultural scene of the so-called "Lost Generation." Ravishing and affecting, and written with infinite tenderness, VILLA AMERICA is at once the poignant story of a marriage and of a golden age that could not last.

Witold Rybczynski and Laurie Olin use a rich collection of illustrations, historic photographs, and narrative to document the creation of this stunning house and landscape. Vizcaya was completed in 1916 as the winter retreat of Chicago industrialist James Deering. The cosmopolitan bachelor, who chose Miami for its warm climate, enlisted the guidance of artist Paul Chalfin, with whom he traveled throughout Italy to survey houses and gardens. With the assistance of architect F. Burrall Hoffman, Jr., and garden designer Diego Suarez, the 180-acre site on Biscayne Bay was transformed into a grand

The lure of this architectural and landscape masterpiece, named for a Spanish Basque province, is undeniable. John Singer Sargent planned a short visit in 1917 but stayed for several months, producing an inspired series of watercolors, many of which are reproduced here for the first time. The book is further enriched by archival material and by the color images of noted photographer Steven Brooke, paying homage to Vizcaya as a lens through which readers learn about architecture, landscape and garden design, interior decoration, and art.

New York Times Bestseller: “ A marvelously readable biography ” of the couple and their relationships with Picasso, Fitzgerald, and other icons of the era (The New York Times Book Review). Wealthy Americans with homes in Paris and on the French Riviera, Gerald and Sara Murphy were at the very center of expatriate cultural and social life during the modernist ferment of the 1920s. Gerald Murphy—witty, urbane, and elusive—was a giver of magical parties and an acclaimed painter. Sara Murphy, an enigmatic beauty who wore her pearls to the beach, enthralled and inspired Pablo Picasso (he painted her both clothed and nude), Ernest Hemingway, and F. Scott Fitzgerald. and Dick Diver in Fitzgerald's *Tender Is the Night*, the Murphys also counted among their friends John Dos Passos, Dorothy Parker, Fernand Léger, Archibald MacLeish, Cole Porter, and a host of others. Far more than mere patrons, they were kindred spirits whose sustaining friendship released creative energy. Yet none of the artists who used the Murphys for their models fully captured the real story of their lives: their Edith Wharton childhoods, their unexpected youthful romance, their ten-year secret courtship, their complex and enduring marriage—and the tragedy that struck them, when the world they had created seemed most perfect. Drawing on a wealth of family diaries, photographs,

letters and other papers, as well as on archival research and interviews on two continents, this “brilliantly rendered biography” documents the pivotal role of the Murphys in the story of the Lost Generation (Los Angeles Times). “Often considered minor Lost Generation celebrities, the Murphys were in fact much more than legendary party givers. Vaill’s compelling biography unveils their role in the European avant-garde movement of the 1920s; Gerald was a serious modernist painter. But Vaill also shows how their genius for friendship and for transforming daily life into art attracted the most creative minds of the time.” —Library Journal

York Public Library - Book Riot - Library Journal Writer Karla Cornejo Villavicencio was on DACA when she decided to write about being undocumented for the first time using her own name. It was right after the election of 2016, the day she realized the story she'd tried to steer clear of was the only one she wanted to tell. So she wrote her immigration lawyer's phone number on her hand in Sharpie and embarked on a trip across the country to tell the stories of her fellow undocumented immigrants--and to find the hidden key to her own. Looking beyond the flashpoints of the border or the activism of the DREAMers, Cornejo Villavicencio explores the lives of the undocumented--and the mysteries

of her own life. She finds the singular, effervescent characters across the nation often reduced in the media to political pawns or nameless laborers. The stories she tells are not deferential or naively inspirational but show the love, magic, heartbreak, insanity, and vulgarity that infuse the day-to-day lives of her subjects. In New York, we meet the undocumented workers who were recruited into the federally funded Ground Zero cleanup after 9/11. In Miami, we enter the ubiquitous botanicas, which offer medicinal herbs and potions to those whose status blocks them from any other healthcare options. In Flint, Michigan, we learn of demands for state ID in order to receive life-saving clean water. In Connecticut,
