manual, but end

Mentre un furioso incendio devasta i canyon alle spalle di Malibu, Matt Lowell corre sulla spiaggia deserta nel disperato tentativo di raggiungere la sua casa e di salvare il suo cane. Lungo la battigia fa una scoperta sconvolgente. Quello che in distanza gli pareva il corpo di un pellicano portato dalle onde, è in realtà una bambina abbandonata appena nata. Quando, dopo qualche tempo, la polizia trova sul ciglio di una strada un cadavere, probabilmente quello della madre adolescente della piccola, tutto coperto di fiori selvatici, Matt prova un inspiegabile senso di giustizia verso

File Type PDF Vite Clandestine Elit

quelle vittime innocenti e sconosciute. Vuole scoprire cosa è successo, una decisione che metterà in moto un'irreversibile catena di violenze portando alla scoperta di un atroce traffico.

A Precarious Game is an ethnographic examination of video game production. The developers that Ergin Bulut researched for almost three years in a medium-sized studio in the U.S. loved making video games that millions play. Only some, however, can enjoy this dream job, which can be precarious and alienating for many others. That is, the passion of a predominantly white-male labor force relies on material inequalities involving the sacrificial labor of their families, unacknowledged work of precarious testers, and

File Type PDF Vite Clandestine Elit

thousands of racialized and gendered workers in the Global South. *A Precarious Game* explores the politics of doing what one loves. In the context of work, passion and love imply freedom, participation, and choice, but in fact they accelerate self-exploitation and can impose emotional toxicity on other workers by forcing them to work endless hours. Bulut argues that such ludic discourses in the game industry disguise the racialized and gendered inequalities on which a profitable transnational industry thrives. Within capitalism, work is not just an economic matter, and the political nature of employment and love can still be undemocratic even when based on mutual consent. As Bulut demonstrates, rather than considering work simply as a matter of economics based on trade-offs in the workplace,

File Type PDF Vite Clandestine Elit

we should consider the question of work and love as one of democracy rooted in politics.

Hoewel enorm invloedrijk in Duitstalig Europa, heeft de conceptuele geschiedschrijving (Begriffsgeschichte) tot nu toe weinig aandacht in het Engels gekregen. Dit genre van intellectuele geschiedschrijving verschilt van zowel de Franse geschiedschrijving van mentalités als de Engelstalige geschiedschrijving van verhandelingen door het concept. Aan de hand van praktische voorbeelden in de geschiedschrijving wordt deze vorm toegelicht door Bram Kempers, Eddy de Jongh en Rolf Reichardt.

While feminists have long recognised the importance of self-managed, alternative media to transport their messages, to challenge the status quo, and to spin novel social processes, this topic has been an under-researched area. Hence, this book explores the processes of women's and feminist media production in the context of participatory spaces, technology, and cultural citizenship. The collection is composed of theoretical analyses and critical case studies. It highlights contemporary alternative feminist media in general as well as blogs, zines, culture jamming, and street art.

Providing close readings and imaginative analyses of the

entire literary output of one of twentieth-century France's most important Jewish writers, Abecassis presents here a major work of literary scholarship, as well as a broader study of the reception and influence of Jewish thought in French literature and philosophy.

This collection of articles (the Vercelli conference proceedings) places the theme of scepticism within its philosophical tradition. It explores the English philosophical thinkers, the French context, as well as major Italian figures and Spanish culture. It pays special attention to the relationships between history of philosophical ideas and the problems rising from the history of sciences (medicine, physics, linguistics, historical scholarship) in the 17th and

File Type PDF Vite Clandestine Elit

the 18th centuries.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

In medicine the understanding and interpretation of the complex reality of illness currently refers either to an

File Type PDF Vite Clandestine Elit

organismic approach that focuses on the physical or to a 'holistic' approach that takes into account the patient's human sociocultural involvement. Yet as the papers of this collection show, the suffering human person refers ultimately to his/her existential sphere. Hence, praxis is supplemented by still other perspectives for valuation and interpretation: ethical, spiritual, and religious. Can medicine ignore these considerations or push them to the side as being subjective and arbitrary? Phenomenology/philosophy-of-life recognizes all of the above approaches to be essential facets of the Human Condition (Tymieniecka). This approach holds that all the facets of the Human Condition have equal objectivity and legitimacy. It completes the accepted medical outlook and points the way toward a new `medical
