health problems and be blind, deaf and severely mentally delayed . . . Boy were they wrong!" –Tyler Gordon Fourteen-year-old Tyler Gordon's journey from a regular kid growing up in San Jose, California, to a nationally recognized artist wasn't without its challenges. For the first six years of his life he was deaf, which led to a stutter – and bullying. Art gave him a creative outlet for his pain. Then, after painting a portrait of Kamala Harris, he received a call from the woman herself. Soon his art was everywhere. He had an interview with the The Today Show. He was the youngest artist featured in the Beverly Center. His portrait of LeBron James became the cover of TIME Magazine. And that was only the beginning! Here is a picture book by Tyler Gordon, featuring his sensational art alongside short explanations about why these celebrities inspire Tyler.

Tweedy. But while his songs and music have been endlessly discussed and analyzed, Jeff has rarely talked so directly about himself, his life, or his artistic process. Until now. In his long-awaited memoir, Jeff will tell stories about his childhood in Belleville, Illinois; the St. Louis record store, rock clubs, and live-music circuit that sparked his songwriting and performing career; and the Chicago scene that brought it all together. He also talks in-depth about his collaborators in Uncle Tupelo, Wilco, and more; and writes lovingly about his parents; wife, Susie; and sons, Spencer and Sammy. Honest, funny, and disarming, Tweedy's memoir will bring readers inside both his life and his musical process, illuminating his singular genius and sharing his story, voice, and perspective for the first time.

Bound in mythology, superstition, and idolatry, first-century Athens appears as an impenetrable fortress, guarding her traditions. Yet beneath the marble crust of temples and shrines in honor of her gods, she has already given birth to democracy, the arts, science, and education. And in the heart of the fair city, a tribute to free speech assures the populace that new ideas will be heard. It is Areopagus, the Rock of Ares, where people came often either to tell or to hear something new. It is here that Athens philosophers escort the apostle Paul to tell the people about his foreign gods. It is here that the people suddenly find themselves at the intersection of time and eternity.

Tales We Can Tell is a collection of short stories that tell about the lives of ordinary people \_ the difficulties they had to overcome, the trauma of losing a loved one, the pain of unrequited love and the deep scars that lie hidden behind the smiles on their faces. Some of the protagonists tell their own life stories. As you recognize parts of yourself in the stories, you cannot help but empathize with what the narrator has to tell. They are situations any of us can go through. The protagonists achieve catharsis in being able to tell the truth. They are not prompted by any desire for justice or self-justification. The stories reveal who they are, and their experiences along the journey of life, reinforcing the belief that with grit and determination, we can overcome all the challenges that life throws in our way.

The companion to The Dead Inside, "[An] unnerving and heartrending memoir" (Publishers Weekly) This is the story of my return to high school. This is the true story of how I didn't die. High school sucks for a lot of people. High school extra sucks when you believe, deep in your soul, that every kid in the school is out to get you. I wasn't popular before I got locked up in Straight Inc., the notorious "tough love" program for troubled teens. So it's not like I was walking around thinking everyone liked me. But when you're psychologically beaten for sixteen months, you start to absorb the

lessons. The lessons in Straight were: You are evil. Your peers are evil. Everything is evil except Straight, Inc. Before long, you're a true believer. And when you're finally released, sent back into the world, you crave safety. Crave being back in the warehouse. And if you can't be there, you'd rather be dead.

"Impossible not to love." –Rachael Lippincott, #1 New York Times bestselling coauthor of *Five Feet Apart* A wedding harpist disillusioned with love and a hopeless romantic cater-waiter flirt and fight their way through a summer of weddings in this effervescent romantic comedy from the acclaimed author of *Today Tonight Tomorrow*. Quinn Berkowitz and Tarek Mansour's families have been in business together for years: Quinn's parents are wedding planners, and Tarek's own a catering company. At the end of last summer, Quinn confessed her crush on him in the form of a rambling email—and then he left for college without a response. Quinn has been dreading seeing him again almost as much as she dreads another summer playing the harp for her parents' weddings. When he shows up at the first wedding of the summer, looking cuter than ever after a year apart, they clash immediately. Tarek's always loved the grand gestures in weddings—the flashier, the better—while Quinn can't see them as anything but fake. Even as they can't seem to have one civil conversation, Quinn's thrown

together with Tarek wedding after wedding, from performing a daring cake rescue to filling in for a missing bridesmaid and groomsman. Quinn can't deny her feelings for him are still there, especially after she learns the truth about his silence, opens up about her own fears, and begins learning the art of harp-making from an enigmatic teacher. Maybe love isn't the enemy after all—and maybe allowing herself to fall is the most honest thing Quinn's ever done.
