Where She Went is the successional addition to Forman's spectacular If I Stay. If the seminal theme of If I Stay were about finding a reason to continue living, then Where She Went’s theme could be construed as finding what makes life worthwhile and livable.

#### Where She Went (If I Stay, #2) by Gayle Forman

Rated 4.5 - Where She Went by Kelly Simmons is an edgy, suspenseful story focused on family and what we’ll do to save our own. The two viewpoints and timelines push the story forward in an exhilarating ride to the end. Maggie has been dealt one dirty deal after another, but through it all she loves her daughter like every mother should.

#### Where She Went by Kelly Simmons - Goodreads

Where She Went is a crime thriller about a female tv journalist's murder with a little mix of a ghost story. We meet Melanie Black our main character who wakes up to a man that she does not recognize. She quickly realizes that this unfamiliar man cannot see or hear Melanie. Melanie finds out that she is dead..

Where she went spielt in New York und eigentlich nur in einem ganz kurzen Zeitraum, denke es geht da nur um eine einzige Nacht in NY. Leider hat es mich nicht sehr vom hocker gerissen, hatte mir um einiges mehr erhofft nach dem knaller von Band 1. Aber ich empfehle es trotzdem wenn man wissen möchte wie es Na h if I stay weiter geht!

A novel continuing Mia's story, Where She Went, was published in April 2011. Plot. On a snowy day in Portland, Oregon, Mia, her mother, her father, and her little brother, Teddy, decide to go for a morning drive. The snow causes their car to swerve into another lane where a car crashes into theirs, causing serious injuries for the entire family. When Mia awakens, she finds herself detached ...

#### If I Stay - Wikipedia

Where She Went is told from the POV of Adam, and to be honest I was a little wary going into it - I liked both Mia and Adam, but it felt like it should be more Mia's story. And at first, I didn't really like Adam anymore - after Mia left for New York his life went into overdrive - fame, money and the rock 'n' roll lifestyle had, to be honest, turned him into a bit of a tw@t. But as the story ...

### Where She Went

The highly anticipated sequel to the New York Times bestselling and critically acclaimed If I Stay Picking up several years after the dramatic conclusion of If I Stay, Where She Went continues the story of Adam and Mia, from Adam's point of view. Ever since Mia's decision to stay - but not with him - Adam's career has been on a wonderful trajectory. His album, borne from the anguish and pain of their breakup, has made him a bona fide star. And Mia herself has become a top-rate cellist, playing in some of the finest venues in the world. When their respective paths put them both in New York City at the same time, the result is a single night in which the two reunite - with wholly satisfying results. And don't miss Gayle's newest novel, JUST ONE DAY and the forthcoming companion, JUST ONE YEAR.

Adam, now a rising rock star, and Mia, a successful cellist, reunite in New York and reconnect after the horrific events that tore them apart when Mia almost died in a car accident three years earlier.

With no memory of the car accident itself, 17-year-old Mia must come to terms with never really knowing what happened one horrific winter's day that changed her life forever.

What happens when your worst fear comes true? Her only daughter has just gone away to college, and Maggie O'Farrell knows she's turning into one of those helicopter parents she used to mock. Worrying constantly, texting more than she should, even occasionally dropping by the campus "just to say hi." But Maggie can't shake the feeling that something terrible is about to happen to Emma. And then, just as Maggie starts to relax, her daughter disappears. The clues are disturbing. An empty dorm room where Emma was supposedly living. A mysterious boy described as Future Husband in her phone. Dormmates who seem more sinister than friendly. As Maggie combs over the campus looking for signs of her daughter, she learns more about Emma's life than she ever thought possible. Kelly Simmons delivers another gripping novel in Where She Went, an unforgettable story of letting go and the secrets that surface when the person keeping them is gone.

After spending one life-changing day in Paris with laid-back Dutch actor Willem De Ruiter, sheltered American good girl Allyson “Lulu” Healey discovered her new lover had disappeared without a trace. Just One Day followed Allyson's quest to reunite with Willem; Just One Year chronicled the pair’s year apart from Willem’s perspective. Now, back together at last, this delectable e-novella reveals the couple’s final chapter.

"Three teenagers, Freya, Harun, and Nathaniel feel lost in various ways and when they collide in Central Park, they begin to find purpose in their lives"--

The compelling companion title to the much-lauded Just One Day follows Willem's transformative journey toward self-discovery and true love, by the author of If I Stay. Picking up where Just One Day ended, Just One Year tells Willem's side of the story. After spending an amazing day and night with Allyson in Paris that ends in separation, Willem and Allyson are both searching for one another. His story of their year of quiet longing and near misses is a perfect counterpoint to Allyson’s own as Willem undergoes a transformative journey, questioning his path, finding love, and ultimately, redefining himself. \* “The complexity of Willem's character, the twisting plot, and far-flung settings (including the Netherlands, Mexico, and India) create an alluring story that pushes beyond the realm of star-crossed romance.”– Publishers Weekly starred review “As much a travelogue as it is a romance, this novel will appeal to fans of the movie Before Sunrise or Maureen Johnson's 13 Little Blue Envelopes (HarperCollins, 2005).”–School Library Journal “As [Willem] becomes engaged personally and professionally, readers will find their interest quickening, right up to the satisfying denouement.”–Kirkus Reviews

“This surprising, compassionate story brings to life the secret, guilty fantasy of many overworked moms.” –People “In an enthralling novel reminiscent of Anne Tyler’s Ladder of Years, a woman who recently suffered a heart attack runs away to recover her equilibrium.” –0, The Oprah Magazine Every woman who has ever fantasized about driving past her exit on the highway instead of going home to make dinner, and every woman who has ever dreamed of boarding a train to a place where no one needs constant attention--meet Maribeth Klein. A harried working mother who’s so busy taking care of her husband and twins, she doesn’t even realize she’s had a heart attack. Surprised to discover that her recuperation seems to be an imposition on those who rely on her, Maribeth does the unthinkable: she packs a bag and leaves. But, as is often the case, once we get where we’re going we see our lives from a different perspective. Far from the demands of

family and career and with the help of liberating new friendships, Maribeth is able to own up to secrets she has been keeping from herself and those she loves. With bighearted characters--husbands, wives, friends, and lovers--who stumble and trip, grow and forgive, Leave Me is about facing the fears we're all running from. Gayle Forman is a dazzling observer of human nature. She has written an irresistible novel that confronts the ambivalence of modern motherhood head on and asks, what happens when a grown woman runs away from home?

Recounts the story of Mia, a gifted cellist, as she struggles with survivor guilt after a car accident that kills her parents and younger brother.

The perfect revenge takes patience . . . Melanie wakes up one morning next to a man she doesn't remember. When his wife walks in, Melanie realises to her horror that no one can see or hear her - because she is dead. But has she woken up next to her murderer? And why is she an invisible guest in a house she can't seem to leave? As she begins to piece together the last days of her life, it becomes clear she has to make a choice: Bring her killer to justice, or wreak her own revenge on the man who murdered her. \_\_\_\_\_ An utterly addictive psychological thriller with a killer twist, perfect for fans of Gone Girl, My Lovely Wife and Behind Her Eyes. What everyone's saying about Where She Went: 'Oh my word, what a totally captivating thriller' 'Never expected the final twist' 'What a page-turner' 'Addictive' 'Wow . . . I couldn't put it down!' 'Best book I've read in a long time!' 'A chilling read that leaves you shuddering' 'Brilliantly dark' 'Gripping . . . kept me guessing right from the start' 'An amazing cliffhanger' 'Could not put it down' 'So many twists I didn't see coming' 'Very addictive and thrilling' 'Unputdownable' 'Loved it . . . A delicious premise' 'A superb, dark tale'
