"This version of A Brief Guide to Writing from Readings has been updated to reflect the 8th edition of the MLA Handbook (April 2016). *" Mastering the art of critical essay writing A Brief Guide to Writing from Readings is a clear, process-oriented guide to academic writing. The guide covers the subtleties of rhetorical analysis and argumentation strategies as well as the technical aspects of writing with sources. Students will learn first to examine texts critically and then to clearly, accurately and creatively respond in essay form. In-text tools including summary charts and revision checklists help students tackle source-based essays step by step. Instructors will rely on the guide as a one-stop reference tool; students can apply their learning to any discipline, whether for class work or independent study. In the Seventh Edition, in response to student and faculty feedback, Wilhoit includes a new chapter on analyzing readings and composing analytical essays; more coverage of literary analysis and a new short story; eight academic readings; and expanded coverage of how to cite electronic sources in APA and MLA style. *The 8th edition introduces sweeping changes to the philosophy and details of MLA works cited entries. Responding to the increasing mobility of texts, MLA now encourages writers to focus on the process of crafting the citation, beginning with the same questions for any source. These changes, then, align with current best practices in the teaching of writing which privilege inquiry and critical thinking over rote recall and rule-following." "

A Brief Guide to Writing Academic Arguments prepares the reader to read and write the types of argument-related source-based writing they are most likely to encounter in college.

This brief guide teaches how to write the most common papers assigned in college courses: source-based essays that summarize, analyze, critique, and synthesize. Comprehensive enough to serve as a primary text yet compact enough to serve as a supplement, this clear and concise writing guide teaches you how to critically read, clearly summarize, carefully respond to, precisely critique, creatively synthesize, and accurately quote or paraphrase texts. A Brief Guide is a valuable teaching and reference tool that many disciplines find useful for class work and for independent study.

Why does Bible study flourish in some churches and small groups and not in others? In this updated edition of a trusted classic, two Christian education specialists provide readers with the knowledge and methods needed to effectively communicate the message of the Bible. The book offers concrete guidance for mastering a biblical text, interpreting it, and applying its relevance to life. Its methods, which have been field-tested for twenty-five years, help pastors, teachers, and ministry students improve their classroom skills. Readers will learn how to develop the "big idea" of a passage and allow the text itself to suggest creative teaching methods. This new edition has been updated throughout and explores the changed landscape of Bible study over the past two decades. Readable and interdisciplinary in approach, this book will help a new generation of Bible students teach in a purposeful and unified way.

Writing on the Landscape touches my mind, heart, body, and spirit. The author and I are kindred souls. My own thinking, writing, and nature-fueled philosophy of life resonate with Dr. Wilhoit's entertaining and inspirational guide to writing and nature. Dr. Wilhoit narrates a journey, demonstrating how vital balance is in our pursuit of writing, as well as in our pursuit of life. And she evidences convincingly that we can achieve wholeness through conscious, reflective, and introspective immersion in nature. Dr. Wilhoit observes simply that the principal point of this book is the pairing of nature and writing toward being complete. Writing on the Landscape explores the sense of wholeness we feel when we engage a few simple, easy to exercise practices deep and guided, step-by-step interactions with nature and its elements: land-, sea-, and sky-scapes. The voices of the earth speak deeply and clearly to a writer. Dr. Wilhoit brings joy to writing through her own revelations: I am in love with writing; writing seduces me. I am in the landscape of my soul. I write from the very core of who I am. That is what the natural world does for me and for my writing no matter where I am. Join Dr. Wilhoit and begin your own journey through the terrain of writing and nature. Stephen B. Jones, PhD Author of Nature Based Leadership and
