You care intensely about many things -- your family, your friends, politics, your social calendar, sports, your work or the environment. Your life is packed with people and activities all competing for your time, talent and treasure. I know you don't want to fail in any of them, least of all in your relationship with your true love. But what steps are you taking to ensure success? Put into practice the love letter techniques outlined inside and start enjoying a richer, more romantic, meaningful and lasting relationship, today. Don't leave your future to chance. Instead, do everything in your power to secure it and to finish strong; to finish more in love than when you started and to leave a chest full of love letters as part of your legacy.

Describes educational uses for the Internet, tells how to navigate the Internet, and surveys resources in the areas of art, music, drama, foreign languages, math, science, social studies, and geography.

Written in a non-threatening and nontechnical style, this guide examines both the pitfalls and the opportunities of Internet use in schools. The author discusses techniques for use in the classroom, such as exercises and activities in the core subjects; valuable curriculum links; obstacles encountered, such as the variable content of Web sites; what is needed in order to get connected; the use of intranets; how to publish information on the net.

It started on a summer afternoon in 1795 when a young man named Daniel McGinnis found what appeared to be an old site on an island off the Acadian coast, a coastline fabled for the skulduggery of pirates. The notorious Captain Kidd was rumored to have left part of his treasure somewhere along here, and as McGinnis and two friends started to dig, they found what turned out to be an elaborately engineered shaft constructed of oak logs, nonindigenous coconut mats, and landfill that came to be known as the Money Pit. Ever since that summer day in 1795, the possibility of what might be hidden in the depths of a small island off the south coast of Nova Scotia, Canada, has made it the site of the world's longest, most expensive, and most perplexing treasure hunt. Author D'Arcy O'Connor recounts the fascinating stories and amazing discoveries of past and current treasure seekers who have sought Oak Island's fabled treasure for over two hundred years. It has baffled scientists and madmen, scholars and idiots, millionaires and get-rich-quick schemers, psychics, engineers, charlatans, and even a former president of the United States. The island has consumed the fortunes-and in some cases, the lives-of those who have obsessively set out to unlock its secret. Despite all their efforts, the mystery remains unsolved, and not a single dime of treasure has ever been recovered. The present-day search is an archaeological dig exceeding anything ever done anywhere for similar purposes, and it may well result in the discovery of one of the world's richest and most historically significant treasures. But this is also the story of individuals who have dedicated years of their lives to discover what was buried long ago beneath this strange island. They are driven by a lust for gold, by archaeological curiosity, and by their determination to outwit the engineer who was responsible for the Oak Island enigma.

A tantalizing true story of one of literature ' s most enduring enigmas is at the heart of this " lively, even sprightly book " (Michael Dirda, The Washington Post)—the quest to find the personal library of the world ' s greatest writer. Millions of words of scholarship have been expended on the world ' s most famous author and his work. And yet a critical part of the puzzle, Shakespeare ' s library, is a mystery. For four centuries people have searched for it: in mansions, palaces and libraries; in riverbeds, sheep pens and partridge coops; and in the corridors of the mind. Yet no trace of the bard ' s manuscripts, books or letters has ever been found. The search for Shakespeare ' s library is much more than a treasure hunt. Knowing what the Bard read informs our reading of his work, and it offers insight into the mythos of Shakespeare and the debate around authorship. The library ' s fate has profound implications for literature, for national and cultural identity, and for the global Shakespeare industry. It bears on fundamental principles of art, identity, history, meaning and truth. Unfolding the search like the mystery story that it is, acclaimed author Stuart Kells follows the trail of the hunters, taking us through different conceptions of the library and of the man himself. Entertaining and enlightening, Shakespeare ' s Library is a captivating exploration of one of literature ' s most enduring enigmas. "An engaging and provocative contribution to the unending world of Shakespeariana . . . An enchanting work that bibliophiles will savor and Shakespeare fans adore." Kirkus Reviews

Did you ever stop and wonder if you are living the life you were meant to live? Did you ever wonder if you are living more for someone else ' s benefit than your own? Are you just " putting in your time, " doing what you are " supposed " to do? Do you feel more like a passive observer watching life go by than a meaningful and creative force in your own life? Do you sometimes feel lost and wonder what it ' s all about? If you answered yes to even one of these questions, maybe you are ready for a change. Maybe now is the time to live your life the way you really want to—without the guilt, without the unnecessary struggle, and most of all, without the permission or cooperation from anyone else. This is a book about the way life works. From birth until death, we strive to be ourselves while combating social forces that distort our efforts to

be free. However, the socialization process doesn't have to impede our journey toward happiness as we move through our one and only life. In this book, you are encouraged to strive to fully experience your thoughts and feelings and rediscover your True Self in order to reach your full potential. By becoming more in tune with yourself, you are more likely to have satisfying relationships with others. It is hoped that after reading this book you will feel happier with yourself and more excited about your future.

An in-depth look into the history of a Canadian island rumored to hold buried treasure and of centuries of failed attempts to claim the riches. Updated with new material from the author In 1795, a teenager discovered a mysterious circular depression in the ground on Oak Island, in Nova Scotia, Canada, and ignited rumors of buried treasure. Early excavators uncovered a clay-lined shaft containing layers of soil interspersed with wooden platforms, but when they reached a depth of ninety feet, water poured into the shaft and made further digging impossible. Since then, the mystery of Oak Island's "Money Pit" has enthralled generations of treasure hunters, including a Boston insurance salesman whose obsession ruined him; a young Franklin Delano Roosevelt; and film star Errol Flynn. Perplexing discoveries have ignited explorers' imaginations: a flat stone inscribed in code; a flood tunnel draining from a man-made beach; a torn scrap of parchment; stone markers forming a huge cross. Swaths of the island were bulldozed looking for answers; excavation attempts have claimed two lives. Theories abound as to what's hidden on Oak Island—pirates' treasure, Marie Antoinette's lost jewels, the Holy Grail, proof that Sir Francis Bacon was the true author of Shakespeare's plays—yet to this day, the Money Pit remains an enigma. The Curse of Oak Island is a fascinating account of the strange, rich history of the island and the intrepid treasure hunters who have driven themselves to financial ruin, psychotic breakdowns, and even death in pursuit of answers. And as Michigan brothers Marty and Rick Lagina become the latest to attempt to solve the mystery, as documented on the History Channel's television show *The Curse of Oak Island*, Sullivan takes readers along to follow their quest firsthand. Praise for *The Curse of Oak Island* "Sullivan writes with open-minded balance, rendering the Oak Island story into a weirdly fascinating mystery." —Booklist "A definitive read for fans of the History Channel television show. Sullivan delves deeper into the history, personalities, and theories presented only briefly on the show. . . . The book is incredibly well researched and the presentation . . . is very readable. If you've watched *The Curse of Oak Island* and were frustrated that snippets and possibilities were left tantalizingly unexplored, this is the book for you." —Heather Cover, *Homewood Library* (Birmingham, Alabama) "Sullivan isn't writing about Oak Island the TV show; his subject is Oak Island the place, largely as seen and imagined by the show's viewers. So, if you've ever been more entranced by the show's long trips into history and theoretical island encounters across history, Sullivan's book probably needs to be on your Christmas list." —Starcasm

Sale with the iconic pirate-villains and outlaws, experience great sea adventures and dangerous treasure hunts! You will find it all in this passionately edited collection: *Treasure Island* (R. L.
