As such, most couples no longer need to make this type of trust for inheritance tax purposes, though it may be used to ring-fence the deceased spouse's share from care home assessments.

In a typical Wills, Trusts, and Estates (WTE) class there are both students who want to practice in WTE (either exclusively, or as part of a general practice), and those who need only to master the general concepts in order to pass the bar exam. Wills, Trusts, and Estates in Focus by Naomi R. Cahn, Alyssa DiRusso, and Susan Gary attends to the needs of both sets of students. For those who will practice in WTE, the concepts are presented in an engaging way and exemplified by realistic hypothetical scenarios that mirror practice and support the development of lawyering skills. For those who need only to pass the bar, the organization of the text is keyed to multi-state essay examination topics as presented on the multi-state bar exam. The well-crafted pedagogy of the Focus Series makes WTE concepts and procedure clear and accessible for all students. Case Previews shed light on each succinctly-edited case, provide legal context, and direct students to the issue at hand.
